ONE TREE HILL

June 1996

GRAPEVINE

This monthly newspaper is published by the One Tree Hill Progress Association. Its purpose is to share local news, views and events. We want to encourage local people and groups to share what they are doing and to pass on items of interest to one another. A minimum of 50 cents donation to the cost of printing the Grapevine would be very much appreciated. (Donation tins are available in some of the local shops). We are happy to include some advertising from local businesses, and small classified Ads from individuals. Please contact Jill McLatchie, ph 280 7214 for details of the cost. Maximum size for advertisements is one quarter of a page. Deadline for the next issue is WEDNESDAY JUNE 26th at 6.00pm at the Deli. Please leave items in an envelope marked Grapevine at the General Store well ahead of the deadline if possible.

ONE TREE HILL COUNTRY MARKET

On Saturday June 1st, from 9.00pm until 2.00pm. Come and enjoy country produce, craft, good things to eat and friendly people! See you there! Why don't you have a stall yourself or join up with a friend, Phone June on 287 3306 to book your site.

One Tree Hill Hardware has sponsored 50 copies. Many thanks, for your continuing generosity and support, this is much appreciated. Thank you to the folding and stapling team at ONE TREE HILL PRIMARY SCHOOL for their help in the preparation of the May Edition. It was much appreciated.

—One Tree Hill Progress Association—

Would you like to plant a tree in memory of someone special or to celebrate a special event?

OUR ANNUAL MEMORIAL TREE PLANTING

is Sunday June 9 2-4 p.m. at Lorna Court Reserve

Please join us. Trees will be available at \$2-50 each

Bring your garden implements.

One Tree Hill Progress Association Annual General Meeting 16 May 1996 Annual Report

1995-96 has seen the fruition of a number of plans and some new developments.

- Roadworks to the corner of Yorktown and Blacktop Road have made this intersection much safer-an issue of considerable concern after a serious accident involving two young residents in 1995.
- Upgrading of the cemetery has been completed by the council.
- Our new storage room, with direct and convenient access into the hall, is now completed and in frequent use. This has been a very valuable addition to the facilities of the hall. It was yet another project funded from the bequest monies donated to the Progress Association by Mrs Clucas. Thanks go to members of Progress who put considerable time into the planning and oversight of this project, particularly Richard Wilson. And to assist with the movement of chairs in and out of this storage room, we now have Albert Baggs' very handy chair lifting device!
- Our Community Market continues to prosper and this year we were delighted that it won the award for Munno Para's Community Event of the Year, presented at the Australia Day Celebrations. This is a real credit to all those connected with the market and I would like to take this opportunity to thank them for their continued involvement and contribution to creating a positive community culture in One Tree Hill, which was one of the main aims of the market concept. Particular thanks go to June Bourne who coordinates the stall holders, David Parker, Progress's liaison with stall holders and our treasurer, Pat Beck who collects fees.
- The Grapevine Newsletter also continues to prosper under the editorial leadership of Jill McLatchie with skilled desktop support from Stephen White and Chris Adlard. This is a good opportunity to formally thank them for the huge amount of time that they give to this task. The paper has grown to 10 pages over this year and provides an informative coverage of local news, garden and veterinary tips not withstanding the odd joke, crazy recipe, brainteaser and snippet of gossip. Through its advertisements it promotes our local businesses and through the newswork of our editor, it introduces members of the community to each other and involves young and old-and those in between. (I particularly enjoy Simon's Pets Corner and the articles from the school children). As such, it too is contributing to the development of a sense of community in One Tree Hill. Thanks go also to the families and local school children who have been involved in the folding and stapling of this paper so that it can be distributed through the mail.

- The improvement of our local environment has been on our agendas a number of times this year with discussions of plans for a village green, relocating the rubbish hopper, an equestrian trail, improved streetscaping including undergrounding of power lines, playgrounds, planting of reserve areas and entrances to the new subdivisions and of course, restoration of the McGilp archway which sadly was demolished one Saturday by the rubbish hopper and eventually replaced only to be demolished again within a week. The upshot of all these discussions and draft plans is the public meeting that is to follow this AGM, aimed at consulting with the community and compiling a set of ideas that can be used as the basis for more detailed planning by council-as funds become available. This will enable a more coordinated and planned approach to local projects.
- We have also had a number of discussions on upgrading the interior of the hall-repainting walls etc and resurfacing and waxing the floors. Following through on this will be one of the projects for 1996.
- Perhaps the most contentious issue that arose this year was the application by Trinity College to build a bush campus on property off Frank Barker Road. Serious concerns were raised by nearby residents mainly concerning availability of water, fire danger and traffic safety. The first application was refused by council but a second application was passed and is now awaiting the attention of the Development Assessment Commission. Whilst understanding the educational benefit of such a concept, Progress Association has indicated its commitment to ensuring that the concerns of residents are addressed.
- The water supply in the township has been another issue this year, as the town bore has not been able to cope with the increased demand. A number of meetings of users have been held. Of concern also has been the lack of water in the town on high fire risk days when the electricity is turned off and the pumps therefore cannot operate. This is also another issue to resolve in 1996/97.

In the year ahead I hope Progress Association will be able to continue with its existing projects and see some tangible outcomes. It has also been the intention of members to have a special event to acknowledge the Clucas bequest. A plaque has been purchased to be mounted inside the hall. Planning this event will be one of our tasks for this next year.

Another challenge will be the recruitment of new members. Some of our senior members are now feeling the need to resign from Progress. We thank them sincerely for their long association and support and wish them well. To continue the work of Progress Association and keep it alive in the community, we need to attract new faces and new energies. This may require us to review our meeting procedures and develop some new approaches. I leave this challenge to the committee and members for 1996/97.

Ann Davenport.

Public meeting - a report from OTH Progress Association

About 30 people attended the public meeting on Thursday 16 May which was designed to

- consult with the community re the future park areas, streetscaping etc for our township area and
- compile a set of ideas to be used as the basis for more detailed planning by council, as funds become available.

A range of opinions was collected which will allow us to proceed on some aspects and will give us some directions for further problem solving on others. Here is a summary of outcomes.

1. Streetscaping in the Main Street

All respondents were in favor of

- undergrounding the power lines in the main street
- tidying and planting the entrances to the town and the subdivisions, with particular attention required to the Blacktop Rd, Precolumb Rd intersection-perhaps with a pull in bay for the school bus

A footpath to the houses in Precolumb Rd was also suggested.

2. Curbside Gardens

Some concerns were expressed

- there should be fewer of them
- they should be relocated away from the commercial area as parking has become a problem
- they cause problems for people on horseback
- extending them so that they joined the road would give horse riders no where to ride off road and if drains were to run under these extended gardens they might easily be blocked by rubbish, thus causing flooding.

Replanting of remaining curbside areas using native ground covers and trees was favoured.

Another possibility was widening the footpath area when the undergrounding occurred to enable greening of the curbside but using a straight edge concept that did not interfere with parking. Care needed to be taken that canopies of trees would not impede traffic.

3. It was suggested by a resident that signs be erected urging motorists to slow down through the township and that there be more regular radar traps.

4. McGilp Arch and connecting wall

The meeting overwhelmingly agreed that the arch should be rebuilt at its previous location at the entrance of McGilp Rd. An alternative location, at the recreation park entrance, was not supported. There was also general agreement for proposals to build the columns and connecting walls in stone work to match the old hall, and to use a stronger and higher construction to avoid damage. There was definite aversion to using cement blocks, such as Besser block, as a construction material. It was acknowledged that the arch will be a feature of the township and should be constructed accordingly. There was some concern about the cost of construction.

Responses to the arch design submitted to Munno Para Council as part of the quotation process were

- lettering was too large and blocky and colour scheme inappropriate
- construct lettering from wrought iron instead

- treat the arch with a natural black metal finish rather than colour.

5. A 'village green' - or 'town park' in the main street

The idea of relocating the hopper to enable the village green/park to abut the institute grounds was accepted by a majority provided that the hopper stayed within the township where it could be closely monitored. Many people did not support relocating the hopper outside the town because they were concerned that this would result in rubbish being dumped at any time. Some did not mind the hopper where it was and preferred money to be spent on other projects.

All were in favour of planting the park area with suitable low maintenance grass and shrubs (minimum water) to create a pleasant central park area. One suggestion was that this be a dry rather than green area.

Watering systems to this park and possibly the traffic island gardens- funds and water permitting was favoured but only if township water was not used, due to current problems in supply.

6. Reserve areas-especially in new subdivisions

Planting of the reserve areas, building paths/walking trails where required and planting of the entrances to subdivisions met with general approval. One resident felt roadside foot paths were unnecessary in the new subdivisions.

Playground areas for under 5s at McGilp Oval next to tennis courts (so children were near parents) was acceptable. Older children might be able to use the equipment at the school if current laws allowed this. There was no objection to equipment for older children at other reserve spots, west of McGilp Park.

7. Equestrian trail

With the increase in traffic through the town, it was appreciated that riders needed safe areas to ride. It was recommended that the following areas be investigated to provide horse and walking access only.

- From Precolumb Rd through Blencowie Rd to Johnson Rd. This then provides a circuit back to Precolumb Rd.
- Through the extension of McGilp Rd to Gawler Scenic Route then via the road reserve to the Para Wirra Rd. This would link up with the equestrian trails in the Para Wirra Park and the Tom Roberts trail to Kersbrook.
- Stars Gully Rd.

Issues such as any existing leases and legal liability would need to be addressed. Access can be limited to horses and walkers only, by means of low rails.

Other comments included the need for

- horses to be kept off the western side of Precolumb Rd at the township end to prevent damage to water mains and grassed areas. Create trail along eastern side.
- a safe horse crossing over Blacktop Rd in the vicinity of the township.

Finally, it was agreed that the OTH Progress Association meetings would be the mechanism for consultation with the community regarding future steps with the town planning. These meetings are open to all residents and special agenda items regarding the town planning will be advertised in advance in the Grapevine.

One Tree Hill Primary School News

During the school holidays there was some vandalism to the school bus with some damage to the windows which were etched with a sharp instrument. The Education Department has now asked whether the bus can be kept in a different place which is not so isolated and more secure. If anyone has any ideas or suggestions about suitable places, preferably within the town, please contact the Principal, Irene Simpfordorfer, on 280 7027 as soon as possible. The Child Parent Centre pergolas were also damaged with sections of the shade cloth being cut and torn out. Please contact the school if you have any ideas who the offenders might be. A big thank you to the One Tree Hill CFS who burnt off a pile of rubbish at the school during the holidays. It's great to have their co-operation and support. The school is planning a gardening elective and would be very grateful for any donations of seedlings/plants/bulbs so that the students can create a small garden. Is there anyone who could lend or hire a 1x3/4 guitar for a year 3 student to use? It's guaranteed to be cared for. Please contact Irene(Principal) if you can help. If your children have outgrown their board games and no longer want them, the L.A.P. volunteers would be grateful for the donation of such items for the L.A.P. programme. The games can be used as they are or adapted to teach ideas and concepts in a way which doesn't seem like hard work. If you can help with a donation please leave it at the front office at the school. Learning doesn't stop because we have reached a certain age. -life is learning and it's ongoing. (from the OTH Primary School newsletter)

JOKE OF THE MONTH

A traveller arrived at an Outback pub. He was hot and dusty and ordered a counter lunch and a glass of water. The lunch arrived but there was no water. Testily he called to the bar attendant: "What do you have to do to get a glass of water here?" Came the reply: "Try setting fire to yourself."

QUOTABLE QUIPS

Luck is what happens when preparation meets opportunity
Luck favours the backbone not the wishbone.

SENIOR CITIZENS CLUB

Indoor bowls and cards continue to be enjoyed at our regular Tuesday afternoon meetings. The music of Trevor Bateman at the piano, rendering a medley of old time songs is very much appreciated. Our Easter Bonnet Parade produced a show that we should have invited one of the T.V. channels to record and we would have occupied prime time on the news. Prizes were won by Gladys Humphreys and Clarrie Prew. Judging was by Aubrey and Marjorie Higgins and this was to be one of their last activities in the area before going to Queensland to live. Unfortunately for Aub it was his penultimate as a speed camera located at "lovers park", Yorketown Rd, caught him increasing speed towards 80 kph just before reaching the 80kph sign. Birthday anniversaries are always acknowledged at meetings and Edna Charltons 80th was celebrated at a recent meeting. Once a month the group has a number of members meeting for a session of 10 pin bowling. At the time of writing one of our very active members, Cora Lang, is in the R.A.H. on life support following a heart attack and subsequently a stroke. Our thoughts are with her, family and medical staff as she goes through this difficult time. Don Needham, President.

HEARD ON THE GRAPEVINE

Welcome to Todd Benjamin Barry who was born on 8/4/96 at 6.43pm. Two and a half weeks early but he had the respectable weight of 6lbs 14oz. Proud family are Kevin, Dianne and Emma Barry. Congratulations!
Welcome also to Tyson James Eime born on 27/4/96, weighing 7lbs 61/2 oz. Proud parents are Kim and Mark Eime of Lorna Court. Congratulations!
Congratulations too to proud parents Al and Vanessa Sainsbury on the

arrival of baby Leon, a brother for Jarrod, Ashley and Lance.

Welcome to some new members of our community, the Jones family on McGilp Road, Kylie and Kerin Tye also on McGilp and the Holmes family on Kelly Rd. We hope you enjoy life in One Tree Hill. (If you know of a new neighbour please let us know so we can welcome them properly).

We also hear that Chris Corless, in Australia for 6 months with Andrew Pollard, celebrated her 21st Birthday in Australia this month. They are staying with Brian and Sue Butterworth of Burnett Drive. Congratulations Chris and we hope you both have a very happy time in Australia.

One Tree Hill

One well known resident of One Tree Hill has got the answer to all those cars that speed through the Township. Apparently you sit on a chair by the side of the road and point a hairdryer at them!! He swears it works!! They all slow down!

ENGAGEMENT!

Bruce and Sherrie Gotch are proud to announce the Engagement of their son Travis to Rebecca, daughter of Margaret and Bruce Gardner on May 13th. Love and best wishes from all of us.

BIRD CARE NEWS

Have you ever picked up a musk lorikeet and found it was covered in warty lumps on its head and shoulders or skin? The chances are this bird is infected with granulomatous mite. This is a highly infectious disease which affects musk lorikeets but is also seen in rainbows and purple crowns. The main symptoms are loss of wing and tail feathers, aggression, increased appetite and the warty lumps. If you find a bird like this it is kinder to arrange for the bird to be euthanased as soon as possible. The birds suffer extreme irritation and any treatment only extends their lives by a few months. Whatever you do, don't mix the bird with your healthy ones. Make sure you wash your hands well after handling it. It is unknown exactly how this disease spreads. Many thanks to the many people who have signed the petition against duck shooting. The Duck Defence Coalition has decided to keep on collecting them until the end of the year. If you haven't signed it yet and want to, go to Jill's stall at the Market. She will have a copy there for you to sign.

ONE TREE HILL UNITING CHURCH NEWS

The Fellowship meets every 4th Wednesday at 10.00am. Starting with a cuppa, we have interesting speakers and activities. This is open to both men and women. ALL ARE WELCOME.

Minister-Rev. John Blanksby. Telephone 284 0202

Visitors and new members welcome, all levels of riders from beginners to experienced, and there is even a place for non riders too! So come and visit this friendly club! Any enquiries to Helen Duncan, Ph 280 7461.

LOCAL HISTORY NOTES

One Tree Hill has certainly changed over the years. Do you remember when we had a manual telephone Exchange at the Deli. If you wanted to make a local call you just phoned up and asked to speak to whoever and because everyone knew everyone you would be put through or maybe told that it wasn't worth ringing them today because they'd gone to town or that they had gone to visit a neighbour and you would be put through there. The disadvantage was that there was not much privacy and if you wanted to call an ambulance in the middle of the night you had to hope you could wake up Mr and Mrs Hicks! Is it true that this was the last manually operated telephone Exchange in S.A.? Perhaps someone can help us on this.

Do you remember the day the new fire engine was christened at the Institute and all these visitors came from the City and commented on the beautiful rainwater and when the CFS cleaned out the tank there were seven dead possums in it! Do you remember the monthly dances at the Institute where many a budding romance blossomed? If you can remember any of these and the funny things that happened over the past years please let us know about them!

GARDEN TIPS FOR JUNE

This month we are going to talk about conifers. Although most Conifers reach tree size there are many small ones ranging from 1 to 15 feet. These are of great value in the garden as they have an interesting variety of shape, texture and colour. Those with golden foliage need plenty of sunlight.

SEPTIC TANK FROM \$80

RING 260 2497
or AH 280 7568

Here is a list of some of the best ones for you to think about.

Cupressocyp Paris Leylandii castlewellian gold

This is a quick growing good hedge or windbreak 5m x 1.5m.

Chamaecyparis Obtusa nana aurea

150cm upright habit. Good rock garden or tub specimen. Slow growing.

Cupressus Sempervirens Stricta

15m column effect. Very useful for avenues and tubs but not for small gardens.

Cupressus Sempervirens Swanes Golden

6 metre slower growing with fine foliage. This is suitable for smaller gardens.

Chamaecyparis Pissifera Boulevard

This has silver blue foliage and grows 1.5m x 1m. It is very attractive.

Cupressocyp Paris Leylandii Naylor's Blue

This is a quick growing conical tree with blue-grey foliage and the added advantage of being salt tolerant.

Cupressus Torulosa Minima

This is a small conical tree with blue-green foliage.

Juniperus Virginiana Skyrocket

This is a narrow tree which is fast growing and with blue-green foliage

Thuja Orientalis Aurea Nana Gold Biota

This is one of the best garden conifers around. It is a dwarf globular bush, which is slow growing.

Juniperus Scopulorum Repens

This plant is ideal for rockeries because it only grows to 15cm high. It is grey-green in colour.

Juniperus Conferta (Shore Juniper)

This is fast growing and dense. It does well hanging over a wall. It grows 2.5m x 25cm high.

Juniperus Pfitzerana Gold Coast

This is a dense spreading bush with tips of yellow green to gold. It adds great colour to the garden.

Happy gardening from the One Tree Hill Garden Centre.

Any enquiries, please contact Jenni Lewis on 280 7658.

RECIPE OF THE MONTH

Here is a recipe for Spicy Thai Fish Balls with dipping Sauce which Nipada our Exchange Student cooked for us recently and it was very delicious. You will need:

For the Fish Balls:-500g redfish fillets(We couldn't get redfish so we substituted with another kind) 1 tablespoon of red curry paste, 1 egg lightly beaten, 2 spring(green) onions, including tender green tops finely sliced, 4 fresh kaffir lime leaves, finely chopped, 1 tablespoon of finely chopped fresh coriander(cilantro) root and leaves, 1 teaspoon sugar, 1/2 teaspoon salt or to taste.

DOUG'S

STARTER MOTOR AND ALTERNATOR REPAIRS

Quality work, low prices, 7 days
Low call-out for One Tree Hill Area

2P ALEXANDER AVE, BIBARINGA.
Ph. 085 230856, Mobile 018 805142

Also needed: 400ml vegetable oil for deep frying, fresh coriander sprigs and cucumber slices for garnish.

For the dipping sauce:-2 fresh red chillies finely sliced, 1 clove of garlic finely chopped, 100ml fresh lemon juice, 80ml fish sauce.

Method:- Mince the fish up in a mincer or food processor, or chop up with a sharp knife. Add curry paste and mix it in. Add the egg and mix or process until the mixture just comes together. Transfer to a bowl and add the onions, lime leaves, coriander, sugar and salt. Roll the mixture into small balls about 2 cm(3/4 ") in diameter and refrigerate until firm.(about 30 mins) . Heat up the oil until hot then deep fry about 10 fishballs at once until golden brown. Cook in batches like this until all cooked, draining the cooked balls on paper towels. Arrange the fish balls in a serving dish and garnish. Serve at room temperature with the dipping sauce. This is made by mixing all the ingredients together in a bowl.

VETERINARY NOTES FOR MAY

Last week I spoke on the ABC's rural network with Anna Jackson on the problem of Hip Dysplasia. There were many callers to the programme and I think it should be mentioned in the Grapevine. Hip dysplasia is an inherited defect most evident in our large breeds of dogs. The condition is due to malformation of the hip joint which ideally should be a round ball of bone well seated in a deep socket. A dog with Hip Dysplasia will show signs of weakness in the back legs. They often sit with an arched back and show signs of pain in the hip region. They tend not to stand up on their hind legs and may be hesitant to get into or out of the car. These behavioural signs are usually seen in the 6-18 months of age period. Diagnosis is by pelvic X-Ray. Dogs

with Hip Dysplasia can be helped medically in mild cases or surgically in moderate cases. Severe cases may need to be euthanased to spare the dog from a lifetime of pain and suffering. A dog diagnosed with Hip Dysplasia should not be used for breeding. When buying a new puppy of one of the large breeds always ask about the sire and dam. Ask if they are certified Hip Dysplasia free. Dr Alan M Irving, AL-RU Farm.

THE ROTARY CLUB OF TORRENS VALLEY

(Meets Blacksmith Inn Wednesdays 7 for 7.30 pm)

All men and women interested in Rotary are invited to join us with a meal(\$10), and fellowship and some Rotary news.

The Club is very pleased with the news that Rebecca Kennedy from Woodside has passed all the preliminary selection criteria for Rotary Exchange students and her application has been forwarded to Sao Paulo in Brazil for uptake by a Rotary Club in their region. Rebecca currently attends Birdwood School. We will advise you of her progress.

Continuing the saga of the container load of medical supplies which the Club have sent to the Women's Hospital in Multan, Pakistan. We now after about 6 months, have to rewrite the Bill of Lading to send the supplies to World Church Services in Karachi for forwarding to the Hospital. This seems to be the only way we can have the goods cleared from customs in Karachi. More next month of this exciting tale!

Please have a look at our Ad for the Rotary Run Around and plan to come on July 14th. We look forward to seeing you there for a fun afternoon.

"Rotary is for men and women fostering the ideal of service in personal, business and community life, and advancing international understanding, goodwill and peace."

Rotary contacts: Secretary Ron Harrison 389 3179

President Ivor McLatchie 280 7214

MARKET REPORT

It was a busy day at the market last month with a record number of stalls, lots of new ones and many old favourites. The Russian ladies were back with those mouth watering goodies. In fact it was a great place to go for lunch with

sausages sizzling and pancakes being cooked as well as lots of sweet temptations. Fresh produce sold well and there were also many plants and trees for sale too. In fact the market had something for everyone so why not come along this month and brighten up the first day of winter!

EDITORIAL

Congratulations to the Craft shop for being first with their item this month. Thank goodness I am over my laryngitis and can talk again! There are a few groups in One Tree Hill that we don't seem to hear much from these days. I'd like to know how the Playgroup is going, whether the Dance School is dancing and are they going to put on a show? I'd like to hear from the newcomers to the community about what they think of OTH, the children, teenagers, in fact I'd like to hear from anyone!! Please write to me and let us all know what you are doing and thinking. Please read about the changes planned as outlined in this edition and let's have your ideas. I'm pleased that people seem to enjoy reading the Grapevine but we need your input Many thanks to our sponsors this month. One Tree Hill Hardware has sponsored 50 copies. Please don't forget to put a donation in the tin. We run on a tight budget and any contribution is welcome.
Jill McLatchie, Editor.

ANSWERS TO PUZZLE CORNER

1. man overboard. 2. reading between the lines. 3. hit for six. 4. backwards glance. 5. a hole in one. 6. he's by himself. 7. long underwear. 8. I understand. 9. uphill and down dale.

Firewood

MALLEE WOOD, ROOTS, RED GUM & KINDLING
POT BELLY * COMBUSTION * OPEN FIRES * ETC
DELIVERED ANYWHERE - YARD SALES
WEIGHBRIDGE SAT 9-00am til 1-00pm
Lot 2, Gawler/One Tree Hill Road, OTH.

CRAFT SHOP NEWS

Winter time already and if it's going to be a cold June, the pot belly will be going in the Craft Shop and you can duck in for a quick cup of coffee or tea, made of course with local rainwater. None of that S.A. Water stuff full of unhealthy chemicals and goodness knows what else in it. Our water is chemical free, it has only the goodness knows what else in it! Makes beaut tea though! Perhaps you'd like to warm up with a cup of soup instead-same water makes beaut soup too. Our One Tree Hill souvenir spoons are in two bowl shapes, teaspoon and sugar spoon, and are still available at \$5 each. Sorry, no soup spoons though.

Situations Vacant:- Volunteer staff are still needed. Our staffing situation remains much the same-we still need more helpers. We still have staffing problems, especially on the 2nd Wed, and the 4th Sunday of the month. There is still some doubling up of roster duties to help out. There is no list of "Casuals" to call in at short notice when there is a 'crisis' at home or someone takes their annual leave. If you could spare a 1/2 day once a month or could help out now and again when we are desperate, please ring Sharon on 225 8671, or Pam on 255 194, and tell them which weekend or weekday you could help and they will shuffle the roster if possible to suit you. We would really like to have a waiting list. Pam's answering machine is tuned for messages offering help with the roster gaps. Give your chores a miss for a few hours a month! Liz Mount, (any enquiries phone 280 7130)

AFTERNOON TEA GROUP

June 3rd.....1.00pm-2.30.....Community Policing.

THE BLACKSMITH'S INN OPEN 7 DAYS

Our LOUNGE BAR features an extensive menu which is supplemented by our "theme" nights.

September- Bus trip -to be arranged.

We produce a local bi-monthly newsletter advertising our activities. If you would like a copy or more information please phone Chris or Mick on 08 254 9126. or Derek and Jan Woodcock on 085 224 843..

PEST PLANT OF THE MONTH-Boneseed

This grows into a shrub which is 1-3 metres high. It's an evergreen perennial. It has densely branched stems, a thick woody trunk, oval leaves which are smooth and slightly toothed, dark green and on short stalks. The flower heads are yellow, daisy like, about 2-3 cm diameter, in dense clusters at the ends of the branches in August to October. The fruit is a cluster of green to black berries with a large white bony 'stone' containing a single seed. The reason it's a problem is because it forms a dense cover shading out native vegetation. It harbours vermin and can establish in undisturbed forests. The seeds are spread by birds. It will take two or three years to eradicate this if you have it on your place. Aim to pull out the mature plants by hand or mechanical means. This will be followed by a massive germination of seedlings which will also need to be treated. For information on possible sprays contact the Pest Plants Commission.

KIDS JOKES

Question: Why was the author happy to live in the basement?

Answer: Because it was a best cellar.

Question: How do you get a million feet into the air?

Answer: Turn a millipede upside down!

(Contributions are invited for this column)

CHILDRENS CONTRIBUTIONS

Here is a story written by a child from the One Tree Hill Primary School in Mrs Taubas Years One and Two class.

Fanny's Birthday by Emma Bitmead

It was Fanny's birthday and everyone was excited especially Fanny. They had invited their friends Moonface and Silky and their friends. Mother said that they could have it in the garden and if they like they could play hide- and - seek in the Enchanted Wood. Bessie was making Fanny's Birthday cake. Jo was hanging up balloons and streamers and making party hats. Soon Silky and Moonface came and all their friends arrived. Moonface gave Fanny a present. It was a doll with a pretty dress. Silky gave Fanny a lovely little frock with lace. Then they played hide-and -seek in the Enchanted Wood. It was easy to find Saucepan Man because his saucepans and kettles kept making so much noise.

(Thanks Emma for your story. Children are very welcome to contribute to the Grapevine as this newsletter is for everyone)

SIMON'S PET CORNER

Simon has been enjoying his tropical fish but is in need of some advice. Is there anyone in the One Tree Hill Community who knows about tropical fish and could help him? He doesn't seem able to get the water quite right and as a result has been losing rather a lot of his fish. He would like to get a big 5' fish tank and invest in some more expensive fish but doesn't want to do this while he is having problems. At the moment he has about 20 baby guppies but the mother died. He also has some neons and a splotchy platy. Please contact the Editor if you can help Simon. Simon's pigeons are doing well but he doesn't have so much time for the pigeon shows because he is playing football for Eastern Park 11 years and under team who are currently second place on the ladder. Recently there was a sad accident at Simon's place when a possum died trying to get through their gate. Unfortunately there was a tiny baby possum inside its dead mothers pouch. The baby would not let go of the teat so Simon's Dad had to cut the teat off. He contacted Fauna Rescue and passed the possum on to more expert hands. Simon has not heard if the baby lived. Please feel free to contribute to this column with news about your pets, Simon and I are waiting to hear from you-Editor.

GARDEN COMPETITION

The City of Munno Para is hosting its inaugural Gardening Competition during 1996. Entries are welcome from all keen gardeners in the following categories:

Best Unit Garden

Best Native Garden

Best new Garden

Best established Garden

Best business/organisation Garden

Best Street Appeal

Entries must be received by no later than 30 August 1996.

Prizes will be awarded to winners in each category for the whole City and also for each category in each Council Ward. Judging will take place mid September with awards presented at a Garden Show to be held on Sunday 29th September 1996. An information evening will be held in July if residents

show interest in this. Please register your interest with the City of Munno Para. For further information, nomination forms, or to register your interest in an information evening, please contact Pat Cole on 254 0172 or Johanne Smith on 254 0123. You may also collect a nomination form from the City of Munno Para, Warooka Drive Smithfield 5114. Some of the criteria for judging include: Colour and creativity, appropriate and congruent use of plant species, use of colour/texture, effective use of garden furniture, features or ornaments and care. (How about it all you great One Tree Hill gardeners!)

MUNNO PARA CITY VOICE

Did you get a copy of your City Voice? You didn't? Please contact Johanne Smith, the Community liaison Officer so she can rectify the problem. Her number is 254 0123.

RECYCLING MEDICINES-SAVING OUR ENVIRONMENT

Have you heard of the O.P.A.L. Project? O.P.A.L. stands for Overseas Pharmaceutical Aid for Life. You can rescue lives by returning your unwanted tablets and medicines. These are then sent to save lives and alleviate suffering in overseas countries which are suffering crisis. Did you know that an estimated \$80 million of pharmaceuticals are destroyed annually in Australia? Over \$35 million of these could be recycled saving our environment from pollution and helping others. O.P.A.L. also recycles all the packaging of the unwanted or expired medicines which cannot be used for the aid programme. Gribbles Pathology are supporting this project by promoting this initiative to all Doctors, surgeries, Clinics and Hospitals in South Australia. You will probably find a collection box at the chemists. If not, ask! Clean out those bathroom cabinets, make your home safer, protect our environment and save lives. For further information contact: Overseas Pharmaceutical Aid for Life, ph (08) 358 3999 or The Pharmacy Guild of S.A. ph (08) 223 2844

ONE TREE HILL BUSHWALKERS

Our first walk of the season will be on Sunday, June 9th. Please meet at the Church car park at 2.00pm. Everyone is welcome.

WANTED — VOLUNTEERS

Can you help the Grapevine production team?

We need volunteers to help with the folding and stapling of the Grapevine ready for the mailout. Can you spare 30-60 minutes every 2 to 4 months? Ring Ann Davenport on 280 7188 if you can assist.

RURAL WATCH

Have you seen the Falcon car "casing" houses in Uley Rd? It was also seen by Trevor Bateman the same day cruising slowly past his house. All the Senior Citizens are looking out for it to try and get a registration Number, so look out everyone!

A BIG HELLO TO THE ONE TREE HILL COMMUNITY FROM THE MUNNO PARA HEALTH CENTRE!

You may be aware that we have moved to the Munno Para Shopping City (just outside Cheap as Chips) on Main North Road. This move coincided with our amalgamation with seven other Community health Centres in the Northern Metropolitan area. The combined Health Services are known as the

Northern Metropolitan Community Health Service. We provide a variety of services focussing on the promotion of health, the prevention of illness and community development, and these are aimed at being accessible, acceptable and affordable. The services at the Munno para site include Health and Educational Groups; Men's, Women's and Youth Health Programmes, Speech Pathology, Health Information and Counselling. Each term we offer sessions on a wide range of health related topics in response to interest /need by members of the community. We also provide support and accommodation to a range of visiting health and welfare services, Family Planning, CAFHS, CAMHS and Financial Counsellors. We are open between 8.45am- 5.00pm Monday to Friday (excluding Public holidays). Drop in and have a cuppa, meet the staff and get to know your Community Health Centre. If you are feeling eager, you can even "surf the internet"! Our Services are in response to community need so tell us what **YOU** want from **YOUR** Community Health Centre!! Drop in or give us a call on telephone: 254 1444 for more information.

P.S. Denise and Margaret will be at One Tree Hill on **Friday 31st May 1996. 10.00am- 3.30pm**, just outside the Institute, in the Health Promotion Caravan. Drop in and see them for health and lifestyle information.

The old saying, I used to be indecisive but now I'm not so sure, could be applied to me this month. In the May Grapevine I announced my intention to resign from the NAWMA Board due to meeting times clashing with work commitments, but after discussions with Council staff and moving a motion asking for a time change, which was passed unanimously I shall remain as Munno Para Councils representative for the time being. The intent behind this is directly linked to the philosophy that only from the inside can change be made with certainty, while from the outside you are led to believe change has occurred.

The amalgamation with Elizabeth CC has come to a grinding halt and recent

media reports may be somewhat misleading. For the record MPCC and Elizabeth CC had reached a joint agreement as to how the CEO for a new authority would be chosen, and how best we could keep the process free of bias decisions from either council. It was decided to use a consultancy firm who had previous experience in this area and after short listing numerous companies McArthur Management Services was chosen. It was further agreed that both councils wished to remove themselves from the final decision as to who was the better candidate and after 158hrs of grueling written and verbal examinations and some \$6-8,000, Mr Joe Collins was given the winning flag. It should be noted by all that the Councillors of MP had committed themselves to accept the decision of the consultants as to which candidate was most suited to the challenge of running the new city. Unfortunately at the last hurdle two Crs., Rocca and Norris of MP decided to side with Elizabeth and vote in a completely opposite direction after a motion by Cr. Watts of Elizabeth moved the preferred candidate be Mr. Graham Foster. Why this happened only Elizabeth CC knows but unless there is a change of heart and commitment from Elizabeth CC, MPCC will look elsewhere for a partner.

May has been an extremely busy month and I feel extremely confident that it has also produced a number of good results regarding some local issues. Further progress was made with regard to the OTH Water Scheme and it's users. The public meeting held by OTH Progress Association for future landscaping within OTH Township was well organised and some excellent suggestions were given to Council staff.

A special note of thanks needs to be given to Anne Davenport who due to other commitments has stepped down as President of the OTH Progress Assoc.

Budget time is upon us once more and although I have made a list of items for budget consideration I feel it would be better to wait for the outcome before raising hopes that approval will be given. We as Councillors will be attending the budget weekend on the 1st and 2nd of June and the budget will be handed down all being well at our June Council Meeting, so for all residents who have requested money for various items keep your fingers crossed.

Please excuse my absence from the OTH Market last month and unfortunately I cannot guarantee to be there next time as work is currently being offered on Saturdays and as we all know, you have to take it while it lasts.

At the May Council Meeting we supported the Clean Up 2001 program and as a first project we shall be looking at rejuvenating Smiths Creek which runs from OTH through to Stebonheath Control Park at Smithfield. Involvement from schools, Westpac, industry and business, community groups and individuals will form the basis for a concentrated effort to produce a quality project for the betterment of our city. NAWMA has advised Council that it will appeal against the EPA's refusal for a license, and it should be noted that myself and the city Engineer Mr Ken Liu voted against this motion. Council also passed a motion: 1. requesting NAWMA to provide information for the strategic overview and strategies in relation to waste management including safe environmentally sustainable facilities. 2. NAWMA signify relevance of Medlow Rd to these strategies. 3. Council believes following costly appeal on EPA decision will not assist resolving Medlow Rd future. 4. Council officers prepare discussion paper on waste management in our city. Council received a letter from Mr Luke Freeman requesting OTH Cemetery wall to be rebuilt due to ongoing structural problems and at a cost of \$24,000 it must be presented to the 1996/97 budget. As a result of the meeting of the consumers of the One Tree Hill Water Scheme council has recommended connection of the One Tree Hill oval to the E&WS mains and construction of the Precolumb Road main at

a cost of approx. \$17,000 be presented to the 1996/97 budget.
