ONE TREE HILL

August 1994

GRAPEVINE

This monthly newspaper is published by the One Tree Hill Progress Association. Its purpose is to share local news, views, and events. We want to encourage local people and groups to share what they are doing and to pass on items of interest to one another. We are happy to include some advertising from local businesses. Maximum size for an advertisement is one quarter of a page. Deadline for the next issue is Friday, August 26th, 1994. Details may be left at the One Tree Hill General Store, or phoned to Jill McLatchie on 2807214. It would be appreciated if items for publication were handed in well ahead of the deadline date. Donations to defray costs welcome!

Country Market

Country Market

Country Market

Saturday Market August 6th 94.

Space for more stalls. Why have a garage sale when you can bring your treasures here and sell them. Make extra money selling surplus fruit and vegies, old toys and books and homemade produce and crafts. Have you tried those Russian Goodies??? A taste sensation not to be missed.

Phone June on 2873306 to book your site.

Buskers Wanted.

Why not come along to the next Country Market and show off your busking talents!

You are assured of a welcoming audience and possibly some extra income!

Some of our School children are learning instruments at School, show us what you can do! It would add greatly to the atmosphere of the market which is already developing as a social venue for the community so come along here.

NEWS AND VIEWS FROM YOUR COUNCILLOR

Dear Residents,

I would like to congratulate everybody on the operation of the hopper in July. It was an excellent example of the community working together to produce a worthwhile result for all. A special thanks must go to Vince Cozzitorto and all the crew from our CFS who looked after and controlled throughput at the site so well. The end result was that One Tree Hill CFS received some good public relations in that they were able to meet more of the community and received a small donation for their efforts, residents had easy access to the hopper, the hopper was changed on a regular basis and Council was more than pleased because the site was left in a clean condition. In other words it was a win all round.

The CFS has offered to patrol the hopper for the next couple of months and if they have the resources, they may even consider doing it each month in the future.

THE HOPPER WILL BE ON SITE ON SATURDAY 6 AUGUST.

Remember to have some form of identification (eg driving licence, rate notice etc) with you when placing rubbish in the hopper. Council is considering, in conjunction with Progress Association and CFS, a possible retrieval of recycling some materials especially metal. I'll keep you informed of any progress.

On other matters - Council has allocated a further \$30 000 towards the purchase of a new fast attack vehicle for our CFS station. This new 4x4 fire unit will be in operation by the coming fire season and will give our personnel a versatile vehicle that will be very important in case of a fire in the township or where quick response/access is required. The on road cost of the vehicle is about \$90 000.

A lot of work has been going on at the One Tree Hill cemetery and the site is starting to look very pleasant with a number of old headstones being repositioned and cleaned. The grounds have been cleaned up with removal of dead and unwanted shrubbery, footpaths are better delineated, the galvanised fence has been painted green and a planting program around the perimeter is scheduled to commence soon.

Council has increased the cost for the lease of closed roads for 1994/95 by 50 cents bringing the lease for this land to \$16/hectare.

However, the townships water bill will remain the same as it was last year. The annual fee is \$80 and the cost of water will be 45 cents/ kilolitre.

Kind regards,

Martin Lindsell

MEET OUR COMMUNITY-Richard Wilson.

Richard was born in Melbourne to South Australian parents. They eventually got homesick and moved back to South Australia when Richard was seven. They lived in a number of places in South Australia and Richard went to several different schools, but he completed most of his High Schooling at Naracoorte High School. When he left School he decided to become a Science Teacher. When he had finished his training in Adelaide he was sent to Whyalla High School for his first teaching appointment. He enjoyed his three years teaching there, and found Whyalla a good place to live at that time. On his return he lived with his parents for a while at Oaklands Park. It was at this time that his connection with One Tree Hill began because he met his future wife Jill who was a teacher at the One Tree Hill school. Jill was staying with Rhonda and Glen Slater, and One Tree Hill became their courting grounds. Jill and Richard were married in One Tree Hill Church. Although they looked at land around the area it was some time later that they eventually moved here to live. They lived in the Township initially and Richard became involved in the C.F. Then after ten years they moved away to Melbourne for three years eventually returning about six years ago to their present home on Uley Rd. Richard decided to leave teaching and become involved in a Christian Community. He became the local handyman as well as educating his two older children. Now Richard makes toys and does computer programming which he finds a constant challenge. The One Tree Hill Church is still an important part of his life, and he finds sharing life with people challenging and exciting. Richard and Jill have six children ranging in age from 22 down to 8. Four of the children are still living at home. Richard has been involved with the Progress Association for over 5 years. Although he has lived away from the area, he has been drawn back by a sense of belonging with the place and welcoming people who live here. Thank you Richard for sharing some of your life with us. Richard was also a founding member of the Craft Shop, with which he is still involved.

JOKE OF THE MONTH, one for the footy fans.

Q. What is the difference between Tony Modra and Cinderella.

A. Cinderella can get to the Ball but Modra cant.
Submitted by One Tree Hill visitor Garry Baker
aged 11. apologies to Tony Modra.

GARDENERS CORNER.

The Gawler Garden Club meets on the first Tuesday of every month, at the Willaston Uniting Church Hall. This month August 2nd the topic is Pest and Diseases. The trading table starts at 7.30pm, meeting commences at 8pm. Admission is 50 cents on the night. Membership is \$5.00 a year. The first of the spring bulbs are already blooming jonquils and daffodils adding colour to those dreary corners. Ranunculus and freezias are soon to come. With the warm winter that we have had, many of the fruit trees are already in bloom even before the leaves have all dropped.

Jobs for August.

Look for the signs of rust on hollyhocks, carnations etc. Spray with Zineb if necessary. Heavy clay soils can be improved during winter by an application of Gypsum at the rate of 1kg to 2 sq metres. Plant perennials or divide existing one,s.

Gardening Problem Corner.

Q.. My geranium bush has developed green and distorted flowers and leaves. What shall I do.

A.. Your geranium has Greening Virus. This is an airborne virus spread from plant to plant by insects. Unfortunately there is no cure. The plant should be removed and discarded. Do not compost any of this foliage. Any question for the "Problem Corner" should be left at the One Tree Hill Deli in an envelope addressed to Grapevine problem corner. Our local gardening gurus will do their best to answer them in the next Grapevine.

Thanks to everybody involved with the excellent rubbish hopper collection last month.

To the C.F.S. - the service was great!

To the Council - and its officers, and to all Residents who used it so well. We are looking to use this service and improving it by extending the recycling facilities offered. Metal recycling and hopefully extending the waste plastic, paper etc, available to the urban and township area to the rural area. It is essential that it be supervised.

The C.F.S. have indicated that it is a possibility to continue doing this on a monthly basis right through the year. The proposal is that we do it every first Saturday of the month from 8.30 to 3.30 (same day as the community market) and run it as well as possible. With a chipper service. With a donation system to the C.F.S. to make it worthwhile to them (plus we all benefit.)

With adequate bins With improved recycling facilities. If you want to make any comments on this, either come along to the next Progress Association meeting (18th Aug -8pm in the One Tree Hill Institute, or you can ring me on 2807484. Next Service : Saturday 6th Aug .

Any material for chipping must be free of anything that would damage the chipper - keep it separate. Avoid any poisonous plants such as Oleander. The C.F.S. collect glass in all forms and drink cans so separate these as well. We are trying to get a metal recycling bin for this collection so be ready to put that material in it.

VETERINARY NOTES FOR AUGUST

When the cold weather sets in, Arthritis flares up in our older dogs and cats. There are several types of arthritis but the most common form in dogs is osteoarthritis. "Arthritis" is inflammation of the joint, and Osteo refers to bone. Thus osteoarthritis is a degenerative inflammatory process involving bone and cartilage. As a result dogs who have arthritis are usually reluctant or have difficulties getting up after they have been laying down for a while. With time mobility gets less and lameness becomes worse. Dogs may find it hard to jump or drop on command, and don't enjoy as much exercise. There is much that can be done to help your pet enjoy life more.

1. See your vet for a correct diagnosis and medication. There are several drugs available which will help. Your vet will tailor your pets medication to your pets needs as all are individuals. Never use human arthritis medication for dogs as they can be very toxic.
2. Its most important that your pet is not too fat. Your vet will help you with a weight loss programme - just ask.
3. Have your dog sleeping and resting on thick foam, not just blankets or carpet. Keep your dog warm, especially at night. You can also get electric blankets made in various pet sizes.
4. Make sure your pet is exercising moderately. Too much or too little is bad for your dog. Don't exercise beyond your dogs ability.
5. Give your pet lots of love and understanding. With extra care from you and the vet, the older arthritic pet does not need to suffer and can lead a longer and much happier life.

HEARD ON THE GRAPEVINE.

In July the National Calisthenics Championships were held in Melbourne. Eight year old Candice Kean of One Tree Hill was a member of the South Australian Sub-Junior team which travelled to Melbourne to compete. Her team achieved a great result and won the Sub-Junior National Championships. Congratulations Candice!

Did you know some early history of One Tree Hill. The Gawler Wesleyan Circuit in September 1866, decided that application be made for permission to build chapels at One Tree Hill, Pinkerton Plains and Willaston, and on December 26th 1866 that One Tree Hill be taken up and preaching established at once. In this way Methodism came to One Tree Hill. Land on which the church is built was a government grant to William Henry Gartrell, on December 4th 1852 by Sir Henry Fox Young, who was Governor of South Australia at that time. Then this land was transferred to James Purdie. By consent of Rev Thomas Lloyd, Mr Purdie transferred the land to the Trustees of the One Tree Hill Methodist Church on July 23rd 1867 at a cost of 5 pounds.

They didn't wait long to lay the Foundation Stone and begin building. The Church Foundation Stone was laid on August 13th 1867. Most of the inhabitants of the neighbourhood with many friends from Gawler and Salisbury gathered to watch William Kelly of Goulds Creek "duly and efficiently" perform the ceremony. Mr Kelly also delivered "a short but truly catholic speech, and congratulated the people of One Tree Hill on their promises of increasing gospel privileges." The Rev Thomas Lloyd commented "upon doctrines that would be preached" and they all adjourned to a spacious tent for tea. While the building was being erected the congregation worshipped underneath a tree on the western side of the present building.

EQUESTRIAN CLUB.

On July 3rd members from Blackhill, Pegasus, and Sunnybrae Pony clubs attended Team Games practice at our Club Ground. We had plenty of fun and lots of laughs too! On July 17th, 35 riders attended the cross country training session with Linda Beentjes. This was a very popular rally with plenty of excitement especially amongst the jumping riders. At the Sunnybrae Pony Club Team Games day on July 24th, our Pony Club Games Team- Ben Kisbee, Mandy Ritter, Rebecca and Catherine Dewar- won first place and a trophy. What a great effort for our first competition in Team Games. On July 30th and 31st, 18 club members are attending the Metropolitan Zone Pony Club Camp at Reeves Plains. A report on the activities will be in the next Grapevine".

Aug 7th.....Dressage, show jumping and Team ride practice for zone finals.

Aug 13th and 14th...

Metro zone finals at Westwind pony club grounds. Riders will compete in teams of four ride, dressage, junior pony of the year, rider of the year, show jumping and team games.

OUT AND ABOUT IN ONE TREE HILL.

SENIOR CITIZENS.

On July 19th our club entertained Freeling Senior Citizens for the day. On their arrival at One Tree Hill, Lance Walter and myself met the bus at the Institute. We explained to the members some of the history of OTH, the Deli and the Tavern, Craft shop and then moved off to the Fire Station, where Lance showed them around, explaining the set up of the Station. Most of the people asked about the units actions over at the Sydney bushfires and were very impressed. We then showed them around the New Estate where they were very interested in the different house styles as we drove around. We then went to Rick-A-Lee the home of Mr and Mrs Hillum who had invited us to bring our guests for morning tea. I must say that they went to a lot of trouble to make our guests welcome with plenty of tea, coffee, and cakes, served in their museum which was well worth seeing. After refreshments we were shown around their property, including a walk through the Bush-Walk which was really a botanical gardens with plenty of native trees and shrubs all created in just eight years. From there we moved on to the Uleybury School Museum via the Gawler Rd. Here some wanted to ring the School bell while others sat at the School desks, including two young children. Then the group moved to the original Inn. All wanted to know where the "One Tree" was. Both Lance and I told them what we understood was the right place on the corner of Walters rd. We then went to McGilp Drive to the oval and our new school, still new to a lot of us. By this time we were running late for lunch so we hurried back to the hall. On arrival at the hall, our guests were given a ticket for a door prize raffle. Lunch was provided by the O.T.H. members, sweets by the club. (The Craft Shop was opened especially between 12 and 2pm for the guests.) After lunch it was time for cards, bowls and darts until 2.45pm, when it was tea time. What a spread of cakes of all types! No one had room for more when they left the tables. During the tea the raffles were drawn. The door prizes were drawn first with Mrs Ina Miller and Mrs Vera Wise being the winners from Freeling. Then came lots more raffles prizes won by both Freeling and OTH members. During the afternoon our trading table sold all sorts of items supplied by our members. Our guests left us at about 3.30, all congratulating the OTH Club on giving them such an enjoyable day. Most of the people from Freeling had never been to One Tree Hill before. The comments we got from them were "what a lovely drive it was from Gawler, such scenery, so much to see, we must bring our friends this way, we normally just go to Adelaide by the Main North Rd not thinking what lovely scenery we were passing. You have a lot to see for the tourist but we have never heard about it." On behalf of the One Tree Hill Citizens I would like to thank the following for their help in entertaining our guests: Mr and Mrs Hillum for their hospitality in opening up their property for us, the Craft Shop, the CFS, for allowing us to show off the fire station and Phil Squires for showing us the Uleybury School Museum. Thank you all. Mr A.A. Baggs. President One Tree Hill Senior Citizens Club.

INCIDENT OF THE MONTH.

This is not a funny incident this time but a sad and distressing one. Recently a pair of masked plovers decided to nest in their usual nesting place. They nest on the ground and so are very vulnerable but the male is very protective of his mate and his nest. Unfortunately a new housing area has been built in his area and it has been School holidays. The children have found it a source of amusement to tease and harass these protected native birds in spite of frequent requests by the birds neighbour to leave them alone. Finally the children succeeded in driving away the parent birds just as the babies were hatching. Three babies hatched, one mysteriously disappeared and the kind neighbour is faced with the daunting and difficult task of rearing these orphans. Her chances of success are slim. Those children by their cruel and thoughtless actions have destroyed that bird family and they should be ashamed of themselves. If you chose to live in the country please respect the wildlife that belongs here and teach your children to respect it too.

TERMINAL EXAMINATION FOR GRADES 3, 5, 6 AND 7

How good a schooling did you have? Here are just a few exam questions set in the past for our local school students.

Arithmetic Grade 3.

1. 8 times 4 goats =
2. $9d + 5d + 8d + 7d + 10d$. How many shillings and pence?

Arithmetic Grade 5.

1. Divide 63288 by 72 (remember no calculators!).

Arithmetic Grade 6.

1. 42383 pounds 11 shillings and 9 pence divided by 108.

Composition Grade 7.

Give briefly the career of any British Sovereign you know.

Composition Grade 6.

Tell a story about the blackfellows who once lived in your district.

These exams, plus many other items of interest, can be seen in the Uleybury School Museum. Open Sundays between 2pm and 4pm - it's well worth a visit.

PLACES TO VISIT AROUND ONE TREE HILL

Did you know we have part of the Mount Crawford Forest just off the Kersbrook road? This forest is good for walking and enjoying the outdoors. The variety of landscape supports native animals and birds as well as some feral animals such as deer and goats. The Mt Crawford forest District includes sections of the Heysen Trail from Kaiser Stuhl at Pewsey Vale in the North to Cudlee Creek in the South. There are six recognised Heysen Trail campsites for people hiking through the forest. Camping Permits are required to camp in the forest. Contact the Ranger at the Forest Headquarters 7km from Williamstown on the Birdwood Road, or telephone (085) 24 6214.

Apart from camping and walking, it's also possible to collect firewood, but you must obtain a permit first, again from Forest Headquarters.

Parts of the forest can also be used for horse-riding. In the forest east of the Forest Headquarters there are two marked trails for riders who are unfamiliar with the forest. Get your permit from the Ranger and enjoy a forest ride. By the way, people who enter forest reserves for recreation do so at their own risk.

QUARRY FUND.

At the end of April 1987, a public meeting was held to express opposition to the opening of a quarry near the Scenic route at Yattalunga. During this meeting and a subsequent meeting a total of \$147.17 was collected in order to pay for further publicity. The Quarry did not proceed, but the money is still held by the Progress Association in a separate account. As seven years have now elapsed it is proposed that, unless objections are received within three months, i.e. by the first week in October, the amount concerned will be absorbed into the Associations general fund.
