

Vol. 17 No.7

ONE TREE HILL

Oct. 1994

GRAPEVINE

This monthly newspaper is published by the One Tree Hill Progress Association. Its purpose is to share local news, views, and events. We want to encourage local people and groups to share what they are doing and to pass on items of interest to one another. We are happy to include some advertising from local businesses. Maximum size for an advertisement is one quarter of a page. Deadline for the next issue is Friday 28th October 1994. Details may be left at the One Tree Hill General Store, or phoned to Jill McLatchie on 2807214. It would be appreciated if items for publication were handed in well ahead of the deadline date.

COUNTRY MARKET COUNTRY MARKET COUNTRY MARKET COUNTRY MARKET

SATURDAY, OCTOBER 1ST : 9am to 2pm

Come early for the bargains

Space for more stalls. Why have a garage sale when you can bring your treasures here and sell them!
Make extra money selling surplus fruit and vegies, old toys and books and homemade produce and crafts.
Phone June on 287 3306 to book your site.

Have you tried those Russian goodies??? A taste sensation not to be missed!

NEWS AND VIEWS FROM YOUR COUNCILLOR

Dear Residents,

Well, 12 weeks 'til Christmas and another year comes to a close. Where does the time go???

I thought that I would like to bring you up-to-date on happenings around our district:

- earthwork is continuing on Grandview Drive reserve, further drainage installation should take place soon, levelling of the first stage for a playground area is proposed and an order has been placed with the E&WS for a water point which will help residents to look after the trees more easily and other shrubs and trees have been planted to replace those that died;
- work is ongoing on Springvale Heights reserve and the installation of a park bench, bins and other facilities has been arranged and an order has been placed on ETSA to install a light at the playground;
- the old pine tree at the back of our Institute has been removed and the gum tree overhanging the toilet block has been trimmed, the pavers have been relocated to the playgroup area and a table and chairs (per kind donation of the Torrens Valley Rotary club) will be installed soon, a pergola is also planned for this area and when it is finished it'll be very nice for the parents and others who may wish to sit in the playground to be with their children.

The Council is considering a new storeroom at the back of the Institute to assist the Senior Citizens, the Playgroup and other groups who use the Institute to store their equipment.

I met with representatives from the McGilp Oval Committee, Cricket Club, Tennis Club and the Boy Scout Group to discuss their requirements for a new toilet and shower block at the Oval. We came to an amicable agreement and I have submitted a 'rough' design to Council for costing and further design. I am hopeful that the extensions to the present clubrooms will proceed as soon as the Council and the group have agreed on the final design.

NAWMA's Landfill Facility Management Plan is now complete and will be forwarded to the Environmental Protection Authority for a licence to be issued to NAWMA to operate the site. However, it will be at least two years before any waste will go to the site. The Committee involved in developing this plan has had some long and hard decisions to make over the past two years. I would like to thank all involved for their assistance in making the Landfill Facility Management Plan a very professional document to ensure that the operations at the site conform with the letter-of-the-law and protect the people who live closest to it, the ecology and the wider environment.

REMEMBER THE HOPPER WILL BE ON SITE SATURDAY OCTOBER 1 AND THE CFS WILL LOOK AFTER YOU BETWEEN 8.30am AND 3.30pm.

Bring all of your waste materials, clean green waste and if you have clean newspaper, I have arranged for a hopper to

be on site to take this as well. **BUT I MUST STRESS IT IS FOR CLEAN NEWSPAPER ONLY.** The reason we are able to supply this extra hopper is that NAWMA has negotiated a viable contract to have all CLEAN and I stress clean newspaper recycled through a de-inking plant in Albury, NSW.

I have listed below and for your information, tipping charges that applied from the middle of September at the various transfer stations throughout our region.

Load	Munno Para	For Comparison		
		Salisbury	Burton	Gawler
Car boot	\$5	\$5.50	\$9	\$5
Station Wagon	\$5	\$11	\$9	\$9
Trailer - level	\$11	\$11	\$13	\$9
Trailer - above level	\$15	\$13	\$15	\$9
Tandem Trailer - level	\$18	\$20	\$18	\$16
Tandem Trailer - above level	\$23	\$22	\$25	\$16

I have also been notified that Planning Advisory Services, Gawler, want to develop bed and breakfast accommodation facilities at Al Ru Farm. I believe this is a great idea and will help enhance the tourist potential of our township and bring more people to the City of Munno Para.

That's yer lot until next month.

Kind regards,

Martin D. Lindsell

THE BLACKSMITHS INN OPEN 7 DAYS

Our LOUNGE BAR features an extensive menu which is supplemented by our "theme" nights

Monday - Chicken night	\$5.00
Tuesday - Schnitzel Night	from \$6.00
Wednesday - Fish Night	\$6.00
Thursday - Steak Night	\$6.00
Friday - Pasta Night	\$5.00

All meals are served with either chips and salad or the appropriate sauces or toppings.

Our RESTAURANT is open Wednesday to Sunday and has an extensive menu.

Main courses start at \$9.50 and include fish, steak, Chicken and game dishes.

Sunday lunch carvery (All you can eat) \$12.50/person
Ideal as a venue for functions - wedding receptions
our speciality.

POLICE BAND CONCERT

The One Tree Hill Rural Watch and the Country Fire Service has combined to bring the world-wide recognised Band of the South Australia Police.

In 1884 a volunteer group of metropolitan foot police formed the band of the South Australia Police, being the first police band in Australia. Its members were given a bonus of sixpence a day and allowed four hours practice a week. Established as a brass band, it quickly became very popular in Adelaide. In 1958, the Band was made a full time unit and in 1974 added woodwind instrumentation to its original brass sound. The Band's outstanding performances at the Royal Tournament and the Edinburgh Tattoo in 1990 have given it worldwide recognition. It has also created greater demand for their services in South Australia where the Band seeks to perform for all groups in the community. The Band averages 250 performances annually, providing entertainment and pleasure for thousands of South Australians.

The Band is without doubt one of the best in Australia and it is fortunate that we are able to bring them to the One Tree Hill Community.

The Band will present a concert at the One Tree Hill Institute on Wednesday night, November 16, commencing at 7.30pm. Admission for adults will be \$7 whilst children under 14 accompanied by an adult will be free.

EDITORIAL

There's been a complaint about the "Grapevine"! Gordon Cooksey says he has to actually sit down and read it now because if he doesn't he might miss something! It's nice to get complaints like that.

I get a number of phone calls about how to put an advert in the "Grapevine". Adverts of businesses cost \$15 for one eighth of a page or \$25 for one quarter of a page. Community organisations adverts are free. If your business would like to advertise, please contact me to discuss it. We try to limit the total advertising for each issue to two pages. This ensures maximum content and also more effective advertising as it can be spread through the "Grapevine". There can be no exclusive rights to advertising but local businesses will get preference if space becomes limited. Please make cheques out to the One Tree Hill Progress Association. The Treasurer is Pat Beck, Uley, Road, One Tree Hill, (phone 280 7484). Please pay promptly as we need to pay our bills promptly too.

Unfortunately, several items could not be published in last month's edition due to lack of space or to the late arrival of the item. The deadline has to be just that else our computer people don't have enough time to get it all together before print day. Every effort will be made to get your item in the next edition.

DID YOU KNOW?

Some early history of One Tree Hill

In 1841 gold was discovered by George Goddard, a government mining authority, in the Humbug Scrub area. This started a gold rush and One Tree Hill became a busy place. A township was developed by the Lady Alice mine with about 500 inhabitants. The remains of their buildings are still there but it is a dangerous place to visit as there are still many old mine shafts there. Some of the mine shafts are on private land while some are in the Para Wirra Park. In 1879 the gold was mostly mined out.

When the mine was active, Cobb and Co used to run a coach service from Adelaide through to the Goldfield. The property known as "Milton Bank" was a stopover for them. In the 1870s a large boiler destined for the mine was pulled from Port Adelaide by a team of bullocks. It has been said that over 100 bullocks were used to pull it, and it took about 6 weeks.

VETERINARY NOTES FOR OCTOBER

With the onset of warm weather, so the onset of the flea breeding season! If you have noticed your pet scratching lately, you may have a flea problem. Other tell-tale signs are fleas found directly on the animal or flea "dirt" on their skin.

Some points to consider:

Fleas are prolific breeders, with eggs that hatch every 10-14 days. For every adult flea there are at least 20 infants on the way. Fleas, their eggs, and larvae can live in your pets bedding, in chairs, carpets, curtains, gardens and wooden kennels. In fact, anywhere your pet visits! Fleas are tough. You need a consistent and persistent treatment strategy to win the battle. There are several approaches and a myriad of products to choose from ranging from shampoos, rinses, sprays, spot ons and oral preparations. Your vet can help you make the right choice. But remember, the golden rules are: treat all animals at once and include the animals' environment such as bedding, etc. One treatment or a single product is probably not enough. Repetitions are necessary throughout the flea breeding season and beyond if you want to be successful.

ONE TREE HILL RURAL WATCH

At the Annual General Meeting of the One Tree Hill Rural Watch, Dean Kossatz stood down as the Area Coordinator, after some years in the position. He will remain overseeing the R.A.P.I.D. project with Vince Cozzitorto from the C.F.S. until its completion.

He has been replaced by Tony Lacy of 57 Williams Road, Gould Creek. He is available on 287 2327, 015 394 635 or 255 6601. The secretary is Bryan Hatcher of One Tree Hill. The Police Coordinator is Darren McCue of Tea Tree Gully Police Station (263 0666).

The Rural Watch Team would like to thank Dean for all his hard work and efforts and wish him well in his career.

The September meeting of the Rural Watch covered general crime prevention.

The One Tree Hill Rural Watch presents "SAFELY LIVING WITH WILDLIFE". At the next meeting of the One Tree Hill Rural Watch on Monday night, October 24, Ian Renton from Snake-Away Services will speak with us. With the onset of spring and the warmer weather, our indigenous reptiles are again beginning to show their heads - emerging from their winter hibernation. Ian will be speaking with us on the following:

- Removal of venomous snakes and native animals, possum removal, nursing of injured/orphaned native animals, first aid and general advice in relation to native animals, advise on reptile housing.

Ian will also be bringing along with him on the night, various baby native animals to look at and touch. This evening has, in the past, been very informative and entertaining. Everyone is invited to attend and enjoy the evening.

JOKE OF THE MONTH

A man approached the Gates of Heaven and asked to be admitted. "Tell me one good thing you have ever done in your life" said St Peter. "Well", the man replied. "I saw a group of punks harassing an elderly lady and I kicked the leader in the shins when he would not stop." Impressed, St Peter asked when this act of bravery happened. "About 40 seconds ago" came the response.

HEARD ON THE GRAPEVINE

Is there any truth in the rumour that Albert Baggs had to flee the State after we published that story about the nude mulberry picking?!

It also has to be stated that our David Parker is NOT the David Parker from WA. Our Parker family has taken up the challenge to be the fastest family to staple the Grapevine. The time will hopefully be in the next Grapevine as a new record. Other challengers welcome!

We are very sorry to be losing our Vet, David Stobbo. David, Ann and Matthew are moving to Victoria early in October to take up another vet position. We all wish them every success and happiness in their new venture. Gawler vets, Hayward and Atteo, will be taking over the One Tree Hill Clinic and Tracey will be there full time and living there too.

Dean and Ruth Gibb and Lance and Glenice Hatcher are very proud grandparents. Catherine and Grant Hatcher who live at Avon, near Balaclava, had a baby boy (Jack Andrew) on September 11. Jack was born at the Lyell McEwin weighing 5lbs 4½ ounces. This is the first grandchild for Dean and Ruth.

PUZZLE CORNER:

What is the next word in this sequence?

Footer, wind, man, estate, columnist

Answer elsewhere in the Grapevine.

A RATTY STORY

We'd been drinking this brownish coloured rainwater for months ever since our concrete tank went dry and we had to switch to the emergency hay shed one. When I complained about the colour, husband said it was just a few gum leaves in the tank caused by an overhanging tree. Finally son came round armed with his chainsaw and we decided to remove the offending trunk. As his chainsaw bit into the tree we suddenly all started shrieking (well, some of us did!) as rats ran down the trunk! They'd got their nest right in the gutter. After the tree was down, I suddenly had this awful thought - suppose one had dropped into the rainwater! Sure enough there was this rat doing the rat paddle round and round the tank! Panic! Get it out quick! Instructions were shouted to me to get a bucket, rope, string. By the time I'd assembled all this and son was poised for the rescue the rat gave a last gasp and sank beneath the murky water! We had to get it all pumped out and found not only one but two rat bodies and, horror of horrors, the very rotted remains of a third!

That's my ratty story, now let's have yours - Editor.

GARDENERS' CORNER

Spring is here, and with it the arrival of pests in the garden. We should all be concerned with the amount of chemicals being used to control garden pests. So to follow are a few organic remedies:

To control aphids, white cabbage butterfly, white fly, caterpillars: In a large metal container place one third of tansy, one third of roman wormwood (or southern wood), one third garlic leaves or rhubarb leaves. Top up container with water and bring to the boil. Allow to cool down and strain. Use at full strength.

To control red legged earth mites, red spider mites, ants and lawn beetles: Use the leaves of the white cedar tree (melia Azedarach), leaves only not the berries. Fill one third of a container with leaves, top up with water, bring to boil, strain. Use at full strength. This one is also good for cherry slugs.

Next meeting of the Gawler Garden Club is on October 4. The subject is permaculture. Speaker is Graham Brookman.

(Questions for our gardening adviser may be left at the deli marked Grapevine Gardening Adviser. Please keep your questions coming in. All questions welcome.)

DAYLILY & COTTAGE PERENNIAL NURSERY

WANTED To hire cot, high chair and car seat for 3 weeks over Christmas. Phone 280 7214.

SPORTS ROUND UP**ONE TREE HILL CRICKET CLUB**

Once again, the cricket season is upon us. We will be fielding three Senior sides, and two Junior sides (U14 and U12) in the Para Districts Cricket Association. In past years we have relied on people from out of the District to fill our teams, but we would really like more local people to come along and join in and have a go. Training is on Tuesday and Thursday nights from 5pm at the One Tree Hill Oval. For more information, contact Brian Walter on 280 7337.

EQUESTRIAN CLUB

October 2 will be the Open Cross-Country Training Day at the Club grounds, 9am to 2pm. Cost is \$3 for members, \$5 for non-members. This is a great opportunity for Club members to go around the course and jump what they feel able to do. There will also be riding instruction for Club members, with 4 to a group. This costs \$3. Please book with Helen Duncan to register a place in a lesson.

October 16 will be the Open EFA Show with Encourage Ring. This will be held at the Munno Para Soccer Club Grounds, Uley Road. Ring Helen if you want a programme.

October 30 will be the North East Riding Club Gymkhana at the Salisbury Riding Club Grounds. Hacking, novelty events and jumping.

Please everyone - note there is a change of programme. November 6 was to have been the Club Gymkhana but this clashed with Torrens Valley Pony Club One Day Event so the Gymkhana will be on November 13 instead.

This weekend is the team event in Renmark. Catherine Dewar, unfortunately, broke her arm at practice. Mark Kisbee will be her replacement. Hope your arm gets better soon, Catherine, and good luck to the team.

OUT AND ABOUT IN ONE TREE HILL**SENIOR CITIZENS CLUB**

On Wednesday, August 31, approximately 40 members enjoyed a tour of the Riverland, lunching at Berri, and arriving back at the Institute about 5pm. A trip to Willunga is being planned for October. Also in October a Church Service for Seniors Week is being held in OTH Uniting Church. October 30 is the date to keep in mind. After the service there will be a shared lunch. Our monthly Bowls and lunch is always a popular event. On Thursday, September 8, our very popular member, Joyce Baggs, celebrated her 70th birthday with members of the Club. A delightful supper was put on by members of her family and a lovely evening was had by all. The night finished at 10.45pm.

New members are always welcome at our meetings on Tuesday afternoons, 1pm to 4pm.

(Contributed by Margaret Parkes)

MARKET REPORT

The monthly market is still continuing and has been livened up recently by a number of children busking which has been great to see. The stallholders held a meeting after the last market and all wanted to carry on although wanting to see lots more people and new stallholders. The Progress Association has been very supportive and is providing money for greater publicity. This will include sandwich board signs and signs to hang under our Township signs. The monthly market could become a focus of community activity with displays of various kinds, super specials in the shops, music and fun, the ideas are endless, so let's make it happen! One idea now Christmas is approaching is a second-hand toy stall. It's also fun to combine with another family if you don't feel you've got quite enough for a stall on your own. Other stallholders are friendly and chatty and welcome others so please come, to sell, to browse, to buy, to gossip, to show off, to meet others and to have a good time.

YOUTH GROUP

Chris reports that the Bikes for Bibles activity was an enjoyable event and they raised \$67. It's pleasing to note that a number of new members are joining the group especially in the 12-15 age group. More are welcome. Meeting nights are 7pm to 10pm at the Church every Friday night. October's activities have not been finalised yet because of school holidays. Any queries about the group, contact Chris Haskard on 280 7192.

ONE TREE HILL PRIMARY SCHOOL NEWS

Recently the children at the school have been celebrating "Science Week" and the students were given a challenge of designing a model to move an object one metre in 10 seconds. It's not as easy as it sounds! Here is one report of their efforts.

"Our first idea was to make a marble roll down slopes. Then we came up with a marble machine. We got an empty box and put it longways up and used the lids of the egg cartons for slopes. When the marble got to the bottom of the box it went through a tunnel and then onto a path made out of halved toilet rolls stuck together. at the end there was a cup for the marble to roll into. The good thing about our design was that it rolled all the way up to the cup but the marble wouldn't go into the cup. In the end we had to put a bottom of a milk carton instead of a cup. It always worked too. We could have made it better by making the marble go a little bit slower." By Alice Tenikoff and Irene Demchenko.

Mrs Fallon's Year 5/6 class entered a science competition with excellent results. Congratulations to:

State 1st Gina Leonello in 9-10 age group
State 2nd Kathy Molchanoff in 9-10 age group
State 1st Bianca Otterspoor in the over 10 age group

In the National Judging, Kathy Molchanoff was runner-up in the 9-10 age group.

Other exciting news was that Kirsty Sanderson and Sarah Pembroke had segments of their letter read out on "Behind the News" a national television programme. The programme was about Sudan. There is an extract: "If the Christians had part leadership with the Muslims there would be less chance of starting a war between them and everyone would benefit from it especially the children of Sudan."

The Student Representative Council at One Tree Hill Primary School is the student decision-making body of the school. Recently they spent an afternoon identifying "Bullying" and "Harassment" and looked at these actions in terms of what they look like, sound like and feel like. The outcome of the afternoon was very productive with posters made to put around the school and a student information pamphlet devised. All school students will receive one to take home and, hopefully, the information will be discussed around the family table.

Finally, here is one child's view of the family in this Year of the Family:

A family is caring
A family shares
A family is a very special possession
A family is loving
A family is the best
A family will never put you down
A family is the best thing in the world
A family is one thing you can never forget
A family you can always forgive
This is what I think about my family.
by Kenneth (aged 11)

ANSWER TO PUZZLE CORNER:

Sense is the most obvious solution (first, second, third, fourth, fifth, sixth.)

MEET OUR COMMUNITY - Martin Lindsell

Martin was born in Ilford, Essex, in England, migrating to Australia with his parents and two brothers in 1951 at the age of eight. After two months in Bonningilla Migrant Hostel in Victoria they moved to the Woolsheds at Rosewater. Martin remembers the chicken wire and tar paper rooms and the rats! They stayed there 18 months before moving to Clearview where Martin attended Northfield Primary and Enfield High school. He left school at 15 having been offered a job as Assistant Photographer with the English Electric Company at the former W.R.E. It was around this time that Martin first came to One Tree Hill because he used to come here on his motor bike and play cricket. The roads were all dirt in those days and he still remembers the corrugations on Snake Gully!

Martin joined the Air Force in 1962 still doing photography. While based at Woomera he met his wife, Bev, at a Youth Club Dance although it took a bit longer for romance to blossom. Martin was still having road problems hitting everything from sheep to fallen trees, even rolling his car on Uley Road! When finally he was posted to Queensland, Bev agreed to marry him. They had their reception at the Institute in One Tree Hill.

Martin left the Air Force in 1968, and the family returned to SA. Son, Aaron, was born in 1971 and son, Justin, in 1974. Martin worked for the Highways Dept. After a time in Port Lincoln in 1975 running his own photography business, the family returned to Adelaide and Martin began work with the EWS. They bought a block of land at One Tree Hill and eventually moved to the Uleybury School Museum House for 6 months while their house was being built.

In 1985, Martin was actively involved in saving the red gums on Kersbrook Road from being cut by ETSA. This led to him joining the Council in 1985. Martin was also involved in the Agricultural Bureau, Uleybury School Museum, Craigmore High School, One Tree Hill School, CFS, Progress, Cricket - you name it, Martin seems to have been there and still is very involved in many community activities.

Martin went back to the Highways Dept in 1987 and has been there ever since, as a Public Relations person. Currently he says he is on loan to Marine & Harbours pulling out the plugs on ships! Martin is also the Chairman of the Virginia Expo Committee, is nominated as Chairman of NAWMA and is especially interested in planting trees and developing reserves. Yes, he does have time with his family too and makes a point of managing his time so that he can do this. He says One Tree Hill is a great place to live and would like to see lots more people involved in the community especially the newcomers.
