## EDITORIAL

On Saturday October 19th we held a Hallowe'en Bush Dance in One Tree Hill and a report on this event will be elsewhere in the Grapevine. I was partly involved in the organising of it but Anne-Marie Claxton and her family especially worked tirelessly to try and make this event a success. This was an event for the whole community, young and old and all ages in between, but where was our community? In these sad and uncertain times I believe it's events like this which develop a sense of belonging to a community. What was so great about this Bush Dance was that the whole family could enjoy it together and have fun. The Dance was a FUN raising success. We are sure that everyone who came enjoyed themselves. There was a group of people in the community who gave us most generous support and that came from our local businesses. I also appreciate their continuing support for the Grapevine. Without their support we would not have our local newsletter.

While talking about community events it is pumpkin growing time again so lets get out there and grow our pumpkins! This is something for all ages too. It is also something remote from the troubles of this world so lets go out into the garden.

Please remember: NEXT MONTH-DECEMBER'S EDITION IS THE LAST FOR THE YEAR. All Christmas greetings and final messages for the year and January will need to be in this edition. The closing date is Monday November 25th. Remember there is no Grapevine in January. Closing date for the February edition is MONDAY JANUARY 21st 2003.

Jill McLatchie, Editor.

## PLAYFORD COUNCIL NEWS

### EXCLUSION OF COMMUNITY LAND

Playford Council are in the process of reducing the amount of "Community Land" in the Council Area. When Community Land has been revoked from that classification, the Council can then sell it, lease it, or develop it without Community Consultation. This month, Playford Council will move to revoke the community land classification of 42 properties. Many of these properties are reserves, and include four properties in the One Tree Hill Area. These properties are listed below with the reason(s) for revoking their classification as Community Land.

1. One Tree Hill CFS Station: (a)Not available to the public without a fee or membership (b)Land is required for Council operational purposes

2. Uleybury School Museum: (a)Not available to the public without a fee or membership (b)Land is required for Council operational purposes

3. Uleybury Cemetery:(a) There are future plans in place to change the use of the land. (b)Land is required for Council operational purposes

4. Craigmore Road Land, Uleybury (9400 sq metres): The land is in an area sufficiently well equipped with open space and/or appears to

be surplus to Community requirements.

When Council have voted to revoke this land from its classification as Community Land, a public notice will be given to allow for Community comment and objections, then Council will be free to dispose of the land as they see fit.

## PROGRESS ASSOCIATION

No report was submitted this month.

## NEWS FROM THE ONE TREE HILL PRIMARY SCHOOL CPC-7

### REDEVELOPMENT UPDATE

Plans are now at an advanced stage and a variety of engineers have visited to inspect various parts of the school site and buildings in recent weeks to collect information for detailed structural plans such as power, phone, data cabling, water and sewer provision. The project is now nearing the stage when it will be advertised for tender. The exact date for this has not yet been set.

Registered trade contractors may register their interest to be included on a list of contractors to be made available to pre-qualified building contractors. Please contact the front office of the school if you wish to be included on this list. Phone: 82807027, fax 82807520, email mstarkey@othc7.sa.edu.au

### TERM 4 NEWS

Thank you to community members for your commitment to raising the number of Library Books for our school through the Advertiser Books for Schools Program. We have really appreciated the way the community has supported our school. We will let you know the final tokens collected next Grapevine Edition.

Once again, on Thursday 17th October our school walked up to Blacktop Road to support the Classic Adelaide Car Rally. This event was enjoyed by students and staff.

Our numbers have increased again and this term we have started our 11th class of 16 Reception students. Julie Pomery and Rhonda Carr share the teaching of this class.

Three classes are attending camp this term with the Year 5/6 and 6/7 classes attending Pendleton Farm from October 14th – 17th at Keith and later in the term a Year 2/3 class attending the West Beach Caravan Park overnight.

Meredith Starkey, Principal.

### QUOTEABLE QUIP

The greatest possession you have is the 24 hours directly in front of you.

This monthly newsletter is published by the **One Tree Hill Progress Association**.

The views expressed in this newsletter are not necessarily those of the One Tree Hill Progress Association. Its purpose is to share local news, views and events. We want to encourage local people and groups to share what they are doing and to pass on items of interest to one another. A 50 cents donation to the cost of printing the Grapevine would be very much appreciated. (Donation tins are available in some of the local shops). We are happy to include some advertising from local businesses, and small classified Ads from individuals. Please contact Jill McLatchie ph. 82807214 for details of the cost. Maximum size for advertisements is one quarter of a page.

Deadline for the next issue is **Monday November 25th 2002** at 6.00pm at the Deli.

Please leave items in an envelope marked Grapevine at the General Store or email to <imclatch@ozemail.com.au> well ahead of the deadline if possible. Please send all electronic items in Plain Text Format with Word Wrap. NO FORMATTING PLEASE, except tabs and hard returns at end of paragraphs.

## BUSH DANCE REPORT

Although not as well attended as in previous years those who came to the Bush Dance on Sat 19th Oct had a really great night.

Diddychwy were once again great and had as all up laughing and dancing. (Adults and children alike.)

There were some scary monsters; witches, wizards, devils and Harry Potter even showed up!

We had some wonderful prizes, which we gave away thanks to the marvelous generosity due to our One Tree Hill business community and some neighbouring businesses in local townships nearby.

Their support was fantastic and shows what wonderful caring businesses they are.

We hope you support them in return.

The Picnic Area Committee wishes to extend its thanks to the following:

Munno Para Foodland for its donation of \$60 to buy prizes.

Blacksmiths Inn for a Dinner for two and a bottle of Scotch Whisky

One Tree Hill Garden Centre for a miniature fruit tree.

Uleybury Wines for two bottles of their lovely wine.

Pam's Chocolate Shop for a yummy basket of handmade children's chocolates.

One Tree Hill Hair Designers for a Lady's and Men's hair cut.

Nathalie's Fruit and Veg for a voucher for two to the Bruschetta feast and Wine Tasting Experience

Emazing Emus (Precolumb Rd One Tree Hill) for a family pass.

Humbug Scrub Wildlife Sanctuary for two family passes for one year.

Valentines Fancy Dress at Kreig Rd Evanston Park for their Halloween Novelty.

Kenn Ortzen Massage Craigmore for the for a 1 hour full body massage.

Snakes and Ladders Playhouse Café' for a voucher.

RP Dunk and Co. 22 Bridge St Salisbury for a \$200 Accounting voucher valid 12 months

We know the winners of these prizes will enjoy them.

Our appreciation to One Tree Hill Deli and Nathalie's Fruit and Veg for the sale of the tickets.

Ann Davenport for the printing of the tickets.

Naomi Wilson for designing the tickets.

One Tree Hill Progress Association for its continued financial support.

Thanks also to One Tree Hill Primary School, in particular the children in Room 12 for their scary webs full of redback spiders which we suspended above the hall and for their SPOOKY school of ghosts and Room 1 for their plaster paris monsters which decorated the edge of the dance area. The atmosphere, which these added, was commented on by all.

From a personal point, Jill and Ivor McLatchie and my husband

Hans van Heuven who are my fellow Picnic Area Committee members, deserve an enormous pat on the back for all their blood sweat and tears, not only at this Bush Dance but at the other past events etc associated with the development of the Playground and Picnic Area. I also wish to thank my daughter Miranda and her little brother Dustin, who spent their entire holidays making decorations for the hall. The giant spider had the band terrified!

Last of all thank you to those who came the Bush Dance. Hope you had fun, we raised approximately \$500.

Anne-Marie Claxton

## LETTERS TO THE EDITOR

### Dear readers,

This is Nathalie from the Fruit and Veg store, in the One Tree Hill Shopping Village. I would like to take this opportunity to invite you to a feast for the senses. On SUNDAY THE 3RD OF NOVEMBER BETWEEN 12.00 and 4.00pm I will be holding an ALL YOU CAN EAT BRUSCHETTA FEAST AND WINE TASTING AFTERNOON. Wood oven bread will be served with a wide variety of Mediterranean toppings. \$10 per person includes a bottomless cup of tea or coffee, a delicious Bruschetta lunch and wine tasting. NATALIE from the ULEYBURY WINERY will be here to showcase their AWARD WINNING WINES. The Fruit and Veg store will be transformed into an alfresco dining area outside and seating also inside. Due to the large amounts of interest, bookings are advisable. I look forward to treating your taste buds with some fantastic flavours from GREECE ITALY AND FRANCE. We hope to see you there!

For more information and bookings phone NATHALIE on 8280 7116 during business hours.

from Nathalie

### Dear Editor,

CHRISTMAS LIGHT DISPLAY ON BLACK TOP ROAD, GOULD CREEK

As we all know its getting very close to that time of year when Santa and his reindeers plan their annual flight schedule and leave the North Pole to set about visiting homes & children all over the world.

Once again we are providing a bright glow in the sky to help him find his way over Australia. Our annual Christmas Light Display is scheduled to commence on the 30th November and run through until New Years Eve. It will be turned on between 8.00pm and 11.00pm seven days a week.

Transport SA will be placing signage at each end of our property to pre warn road users of pedestrians in the vicinity. Playford council will be erecting temporary No Parking signage along the armour guard side of the road.

A gold coin donation upon entry at the gate would be appreciated and this will be donated to The Make A Wish Foundation of South Australia. Just over \$11,000 was raised for the Make A Wish in 2001.

We ask that all commuters driving along Black Top Road, Gould Creek be extra cautious of the young pedestrians crossing the road into our property.

Seasons Greetings to all readers

Lyn & Peter McArthur

RSD 1036 Black Top Road

GOULD CREEK SOUTH AUSTRALIA

*I will not eat oysters. I want my food dead - not sick, not wounded, dead." (Woody Allen)*

## NEWS FROM HUMBUG SCRUB WILDLIFE SANCTUARY.

Greetings again from our little neck of the woods. We often ask ourselves why the days are not longer and we are not super people who can at least be able to concentrate on one job at a time. Time gets away from us.

But we managed a milestone this week when we finally moved some of our Tamar wallabies to their paddocks up the hill, so now they can keep our forebear Tom Paine Bellchambers company as he is buried on the hill near them. Tom is classified on Graham Junay's internet site under Lonely Graves of South Australia.

We had many families visit us over the last School Holidays and they loved interacting with our animals and birds, both wild and tame.

On a percentage our visitors can be classified as 50 per cent being regular visitors and 50 per cent being new comers who say they will come again and tell their friends about the place. We are pleased with that as word of mouth can be a powerful tool.

Just a reminder. Our opening times are weekdays from around 1.32p.m. to 4.p.m and Saturday 11a.m. to 5.p.m. and Sundays 10.30 a.m. to around 5 p.m.

Just follow our signs from Para Wirra Park Main gates on dirt road about 3 kilometres and look for our Sanctuary Open sign.

I am in the throes of retyping Tom Paine Bellchambers old stories and thought I would add the one below this time. Tom upon arrival from England in 1876 found work on Hindmarsh Island and became a friend and advocate for the Hindmarsh Island aboriginal tribes. He could read and write and wrote many articles of his adventures. We have a small collection of aboriginal photos in our cottage display at Humbug Scrub. Tom became a lifelong friend to many members of this tribe and talked about the atrocities of white man against a gentle people.

Tom's era was one of the times when people worked six days a week and were supposed to have a rest on the Sunday. Tom tells of his work and how the boss expected him also to work on Sunday. Remembering this was in 1876. Have things really changed.

Hope you enjoy the story.

“EAT A PENNY”

Soon after my arrival I met one of Mr. Price's daughters, Llama, and she was the first person to show a sympathetic interest in me, a stranger amongst strangers, and her personality naturally impressed itself on my memory. The first kindly word of sympathy amid the sordid and uncongenial surroundings, it was like dew from heaven. Later on, I became acquainted with Mr. Price (of Shorthorn fame) and found him a pleasant and kindly man. He, it was who introduced hares to the Island. Later I was engaged as shepherd by an old gentleman whom the neighbours designated “Eat-a-Penny”.

**Rob Green Security**  
**0419 398 346**

Servicing, Installation, Monitoring  
Your Local Technician

Getting across to the place on the Monday, I was set to work ploughing, in company with one of the Tremaines, a very decent fellow. When Sunday came around I had a tiff with the boss, as our ideas of a fair thing were in variance.

I reckoned if I ploughed on weekdays, Sunday was for rest, but his idea was to plough six days, and shepherd on Sundays. He also had an idea that the working day ended at 10 p.m., but my idea was that sundown was the limit for the wages (from 10/- to 15/- a week).

Sunday was the only day on which I had a chance of studying the flora and fauna of the Island.

Game was very plentiful. Large numbers of curlews, or stone plovers, found shelter amongst the sheoak. Early one morning I came face to face with the last surviving kangaroo. We were both surprised, and stood staring at each other for a time. The poor lonely beast was protected by the Islanders, but on the arrival of a new Manager for Grundy's Estate, it was shot.

One day my mate and I, going further afield than usual, came across a heavy belt of ti-tree fringed by a narrow swamp. This we crossed, and found ourselves in the midst of a Nankeen Herony. The birds circling up into the blue sky in hundreds, and many trees containing four or five nests. Further in were native platforms of the dead, where the mummified bodies of the blacks were laid to rest under the leafy canopy of the ti-tree, with the herons for neighbours, and the murmur of the ocean for a requiem.

Catch you next month from the Scrub.

Any enquiries can be directed to Neville any evening on 82807246

## THANKS FOR DONATIONS

We are very grateful for this community support. Please keep putting 50 cents in the hungry pig in the deli (no of course I don't mean Brian!) and we can continue to keep those adverts cheap.

## NORTHERN HILLS PONY CLUB

Northern Hills will be changing rally times in November. gates open at 8.30 with gear check at 9.00 for a 9.30 start to lessons.

Rallies are on the second and fourth Sunday of November, with a social event in December for our wind up. Full details are available from Julie Butterly (8280 7374) or in our newsletter.

We have some very exciting things happening at club in the next month. Stay tuned for details in the December issue of Grapevine.

For a club where you can work at your confidence level and find encouragement and enjoyment, try Northern Hills Pony Club, on the corner of Gawler-One Tree Hill Road and Humbug Scrub road. Further information can be obtained from Julie Butterly (8280 7374) or Angie Grant (8522 6157).

## CHILDREN'S CONTRIBUTIONS

On the 17th of October 2002 our class went to see the Classic Car Rally. We left to get there at approximately 9.30 am. We arrived at Black Top Road at approximately 9.45am. When we got there we started waving at all the cars including the normal cars! Some of the cars that went past were Porshe, Mercedes, M.G.B. and Jaguar. I liked ALL the yellow cars. I really enjoyed going and I had fun learning about the course they went on. I learnt that they left from the Hilton Hotel and are going to Gumeracha next. I would love to go and see the cars again next year.

by Heidi Miller.

## Trip to Black Top Road.

At about 9.30am on the 17th October 02, our class walked to Black Top Road. All the other classes were there too. We saw small cars, medium sized cars and normal sized cars. They were red, silver, yellow, white and black. Some people said yay! and clapped. We

also clapped and said Yay! to normal cars as well. There were many types of cars like Porsches, Mercedes, Mgb's and Jaguars. It was fun to hear them beep and go past. Some cars reminded me of Brum. The cars were travelling from Adelaide Hotel to Gumeracha. They started yesterday. It was fun watching them. After a while we walked back.

by Samuel Munday.

## Adelaide Car Rally

On Thursday 17th of October it was the Adelaide Car Rally. Our class left at about 9.30am. We went up to Black Top Road to watch them. Miranda was counting how many red cars so far and I did blue. Almost every car we saw we waved at (even the normal ones) which was pretty silly of us! At the end Miranda and me added up the colours. 13 blue cars and 11 reds. But it did not matter, it wasn't a contest! We were on our way back to school again!! Oh and did I tell you they were driving for about three days and head off for Gumeracha and started from Hilton Hotel then go to Williamstown, Barossa Valley, then back to Adelaide.

by Melissa Riach.

## ONE TREE HILL UNITING CHURCH

### A Light on the Hill for the World Around

You may have noticed that the new extension of the Sunday School is nearing completion. It is now fully lined and only the inside painting need to be done. It is at a stage where it was used for the first time when the Sunday School resumed after the School holidays.

On October 13th, the Congregation welcomed Brianah Grace into the Family of God through Baptism. It was a beautiful service with family and friends participating to make the occasion very special.

There have also been beautiful weddings celebrated at the Church in recent times, and if you wish to celebrate a wedding, or a Baptism, Thanksgiving or Naming Ceremony for your baby in our beautiful historic church, feel free to contact Rev Richard Winen on 8284 0202.

The Fellowship had a most enjoyable time at the Lavender Farm in October, and they would like to invite you to join them on November 27th for their Break-up meeting. They will be having a meeting of Christmas Devotions, Carols and Readings commencing at 11.00 am. Morning tea will be served at 10.00 am. Grocery items will be collected to make up Christmas Hampers for needy families. The invitation is open to both men and women, so come along and join in the fun. For more information contact Barbara on 8280 7135.

The Evening Services held over the past few months have been a great success. To follow them, a service is planned for November 17th. Christmas is drawing very near and maybe this is a good time to remind ourselves about the "Reason for the Season". Come along and find out what will make up the exciting content of this November Evening Service. Cake with tea or coffee will be served in the hall at 6.30 pm and the service will begin at 7.00 pm.

Sunday services are held at 10.00 am and the door is always open by 9.30 am. We would be pleased to greet you.

On a sign outside the Uniting Church in Echunga.

C H - - C H. What is missing?

Yours in the Lord's Service.

One Tree Hill Uniting Church Congregation.

### ONE TREE HILL SENIOR CITIZENS

Another year has just about passed us by, as it is 15 years since the club commenced its duties for the interest of seniors. A lot of members have come and gone, but the regulars have stayed.

During the last month the club has lost three members through illness.

The club was fortunate to have a visit from the Williamstown Senior Citizens Club who were most welcomed. We had an excellent music rendition from Barrie Hall the well known music man from the early Radio days.

The club has an afternoon shortly for the Melbourne Cup. Then to finish the year the club has its Christmas Luncheon, which is catered for.

Hope everyone is careful with their B.B.Q's during the summer.

President, Margaret Lawrence.

### GARDENING TIPS FOR NOVEMBER

#### PUMPKINS ON PARADE

YES! It's time to grow your pumpkins again.

Judging will be on Saturday April 5th 2003.

Seedlings are selling well! Many more are available for \$2 each.

A grower in Port Lincoln with the same type of pumpkin grew one which weighed in at 350 kilos!! The secret is lots of mulch and fertilise fortnightly.

Garden tips:-

A long hot summer and water shortage -what better reason do we need to grow native plants. They have smaller leaves and so need less water and don't suffer from leaf burn. Some good ones are Grevillea, thryptomene, westringia, kjunzea, bottle brush, agonis and lots more. Please mulch to save water.

The Garden Centre will again have tubes available for 55c on Market Day.

Happy Gardening!

Colin and Irene, One Tree Hill Garden Centre.

### KIDS JOKES

Where do mice park their boats?

Hickory Dickory Dock!

## PUZZLE CORNER

### Acrostic.

My first's in a greeting  
My second in eating  
My third in address,  
leads my fourth in a tress.  
My whole's in a hearth,  
though a hole lets me out  
in a fire or a bath,  
you can feel me about.  
If that's not a clue,  
I won't ask how you do!  
What am I?

## VETERINARY NOTES FOR NOVEMBER

### Ringworm.

Ringworm is the common name for fungal skin conditions caused by *Microsporum* and *Trichophyton* fungi. These fungi can cause patches of hair loss, usually bald circular areas sometimes with flaking or crusting and occasionally secondary infection. The infected hairs break off close to the skin. Fungal spores on these hairs can survive for over 12 months both in the environment, and on carrier animals which may have no clinical signs. Generally young animals are more susceptible than adults.

Diagnosis may be made with an ultra violet light called a "Woods lamp" in the case of *Microsporum canis* which glows with a blue-green fluorescence. Other *Microsporum* and *Trichophyton* will not show up with a Woods Lamp and in these cases, hair samples can be stained and examined microscopically for fungi, or fungal cultures can be undertaken.

Treatment may involve topical anti fungal treatments such as creams or ointments and shampoos to help reduce skin contamination and will resolve smaller areas. To treat more generalised cases, Griseofulvin tablets will be given orally for six weeks. Removal of contaminated hairs from the animals' environment with procedures such as vacuuming and anti fungal sprays, are an important part of controlling an outbreak.

It is important to note that ringworm is a zoonotic condition, which means that it is transferable from animal to human and vice versa, therefore it is vital that veterinary treatment is sought if your pet is showing symptoms in order to prevent infection of family members and other pets.

Dr Alan Irving

Al-Ru Farm.

## TREES FOR LIFE.

Small shrubs especially prickly ones, offer valuable habitat for small birds. As an example, the Superb Blue Wren requires a thicket of something prickly in its home range for safe roosting and refuge. These birds spend a large part of each day of their lives eating insects, and so can help check the insect population on all plants in a revegetated area. Thicket can be provided by a variety Acacia and Hakea species. *Acacia Paradoxa* is a prickly but useful plant for small birds and it is important to provide understorey as well as growing large trees.

(from Re-Leaf Sept. 1996).

For more information on Trees for Life or Bush for Life contact our local co-ordinators, Mick and Chris Adley ph.8254 9126.

## TRASH AND TREASURE UPDATE AND CHANGE OF DATE

The new date for the Trash and Treasure Market will be on the FIRST SATURDAY OF THE MONTH. It will be on the same Saturday as the market that's held in the Institute 2ND NOVEMBER. Trash and Treasure will still be across the road in the Shopping Village Car Park, same time also 9.00 till 1.00pm

Now we can enjoy two markets on the same day. There is always a variety of stalls at both markets. Yummy food and homemade cakes, biscuits and other goodies. Something new will be the PANCAKE SIZZLE with scrumptious toppings. We hope to see you there on the first Saturday of each month. For Trash and Treasure stall bookings PHONE 8280 7116 Business hours.

REMEMBER SATURDAY 2nd OF NOVEMBER is a DOUBLE MARKET.

#### LOCAL HISTORY

The area of Sampson Flat in One Tree Hill was most likely to have been named after the Sampson family who were early settlers in the district. John Sampson migrated with his wife, three sons and two daughters from Cornwall, England, to South Australia in 1849. Initially the family traveled to the Burra District where John worked in the copper mines. After two years the family moved to One Tree Hill where John purchased land from the government and began farming. He called his property 'Precolumb Farm'. Late in 1851, John and one of his sons followed the gold rush to the Victorian goldfields and were quite successful. After four months they returned to their home in One Tree Hill. James, John's third son married Emeline, the daughter of Samuel Crittenden of Smithfield. John sold one acre of the 'Precolumb Farm' in the northeast corner for five pounds and the community built a school there in 1855. This school was closed in 1938 and we still have residents in our community who attended this school.

(Information from, 'City of Playford, a brief history,' by Linda Allery and Grace Trimboli)

#### ONE TREE HILL SCOUT GROUP

Cub Scouts Monday 7-8.30pm

Joey Scouts Tuesday 6.30- 7.30pm

Scouts Friday 7-9.30pm

Venturers Sunday 1-3pm.

*"If you want to look young and thin, hang around old fat people."*  
(Jim Eason)

## ONE TREE HILL PLAYGROUP

One Tree Hill Playgroup  
Monday, Tuesday and Wednesday  
Between 9.30am and 11.30am

Do you have a child or do you care for a child  
under 5 yrs of age? Then we are looking for  
you.

Our playgroup meets at the One Tree Hill  
Institute and we have vacancies in all three  
sessions.

At our playgroup you can expect a friendly  
greeting, a cup of tea or coffee and a chat.  
Your child can expect to play in a safe  
environment, make a mess during art/craft  
activities, join in shared fruit time, play games,  
sing songs and have fun.

So, if this sounds like something you and your  
child would like to take part in, simply drop in  
at any session and introduce yourself or if you  
require further details, phone

Tracy on 8280 7917 or Sue on 8280 7585  
Hope to see you soon.

## PLAYFORD SHOWBAND AND PLAYFORD PIONEERS.

The end of this month will see settlement day on our new premises  
at 4 Woodfalls Road Elizabeth Vale and the start of a new exciting  
era for Playford City Bands Inc.

The bands still practise on Monday and Wednesday nights from  
7.30pm until 9.30pm. All different types of music are played and we  
are always hoping for some new members.

The bands are having a very busy time between now and Christmas  
and will be playing in lots of different venues. Recently both bands  
played at Narooma in Craigmore. The windy day made playing  
difficult at times when the music blew away but the sight of the old  
people really enjoying it made everything worthwhile. The  
Showband has a concert on October 25th and soon the pageants are  
starting with bookings for the Salisbury and Port Adelaide Pageants  
on November 16th. These are just a few of the activities but there are  
more and more are being planned!

Contact Colleen Granfield President on 8280 7119, or Ivor  
McLatchie, Secretary on 8280 7214 if you'd like to learn more.

## JOKE OF THE MONTH

### INNER STRENGTH

IF you can start the day without caffeine or pep pills,  
IF you can be cheerful, ignoring aches and pains,  
IF you can resist complaining and boring people with your troubles,  
IF you can eat the same food every day and be grateful for it,  
IF you can understand when loved ones are too busy to give you  
time,  
IF you can overlook when people take things out on you when,  
through no fault of yours something goes wrong,  
IF you can take criticism and blame without resentment,  
IF you can face the world without lies and deceit,  
IF you can conquer tension without medical help,  
IF you can relax without liquor,  
IF you can sleep without the aid of drugs,  
THEN YOU ARE PROBABLY THE FAMILY DOG.....

## **FRIENDS OF PARA WIRRA**

Are you interested in the bush and preserving it?

Do you enjoy spending time with Australia's flora and fauna?

Then contact the Friends of Para Wirra for more information on how you can help!

The friends meet at Para Wirra on the 1st Wednesday and 3rd Saturday of each month. Friends volunteer to assist in fields such as revegetation and weed control, information and guiding, walking trails, environmental education, clerical and office duties, signage, brochures and displays, wildlife and flora research and monitoring, restore, maintain and present to the public heritage sites within the park. Also Fundraising for the park, befriend and encourage the staff of the park, historical research and above all enjoy the friendship of others.

Contact Ted Hughes on 8524 6166 or Para Wirra Office on 8280 7048.

Para Wirra is a beautiful bushland reserve with many walking trails, scenic drives, recreation facilities and native animals. Para Wirra is an aboriginal phrase meaning river and scrub. Its on our doorstep-have you been there recently?

## **PREVENTING DOG ATTACKS.FROM THE RSPCA NEWSLETTER APRIL 2002.**

Dogs make wonderful companions. In South Australia authorities believe that there are around 320,000 dogs, most living in harmony with their owners and other companion animals. Unfortunately dog attacks do occur and medical reports show that each year approximately 6,500 dog attacks require some sort of medical treatment. In addition to these attacks there would be many more minor attacks which go unreported.

Many people are also bitten when they try to stop fighting dogs. Sometimes they even get bitten by their own dog! Make sure your dog is always on a lead when out in the street but should a dog wander up and attack your dog, yell for help and try and get a bucket of water to throw over the dogs or a running hose to disrupt the fight.

A dog can provide endless hours of company and a lifetime of loyalty and companionship. They are also a fun way to teach children about responsibility and caring for animals. Please make sure you are a responsible dog owner. Here are some tips for parents:

Never leave your child or baby alone with a dog.

Do not allow your child to feed a dog unsupervised or allow a dog

to snatch food from anyone.

Do not allow your child to pull on a dogs collar

Never let a child discipline a dog.

A dog should always follow your children through a door or gate-never the other way around.

Never let children walk a dog without adult supervision.

Here are some tips for children:

Never ever pat a strange dog.

Stay away from a dog if it is eating or sleeping.

Stop your bike if being chased by a dog and stand perfectly still.

Stay away from a dog with puppies.

Never tease a dog or pull its ears or tail.

Stand completely still if a dog runs at you barking. Cover your face with your hands.

If knocked to the ground by a dog, roll into a ball, cover your face and stay as still as possible.

Never ever look a strange dog in the eye, scream, yell or run.

## **TOP OF THE TORRENS GALLERY**

### **Shannon St, Birdwood.**

Top of the Torrens Gallery came of age on Sunday 22nd September when Skye McGregor opened an exhibition called "Away with the birds" curated by Dick McKay. The gallery has been completely rejuvenated by the hard working committee and it showed off the magnificent bird studies to perfection. A large screen by Rod Bax is a feature and Brenda Holden's birds are breathtaking. The delicacy of Jeremy Boots work is outstanding and Rosie Miller's ceramic pheasants are spectacular. Don't miss this exhibition, which also includes work from such leading artists as Mary Milton, Ian Roberts, Ros Johnsson OAM, and Peter Langdon. Also included are ceramics from Liz Mount and sculpture from Ziba Vilmanis, Silvio Apponyi and Stephen Lynch. Last but not least are the delightful cold bronze bird studies by Realities.

The exhibition will hang until November 7th and the Gallery hours are 10.00am-4 pm. six days a week. Closed Tuesdays. Phone 8568 5577. AH 8568 2319

## PLANT & ANIMAL CONTROL

The Adelaide Plains Animal & Plant Control Board targets certain plants and animals, proclaimed by the government, which have the potential to cause disastrous effects particularly in the rural areas, but also on urban properties in the region.

Authorised officers of the Board encourage property owners to be active in identifying weeds on their property, to understand the potential impact of pest plants and animals, and to determine and act upon the best control measures for each situation.

Spread of proclaimed plants into agricultural areas and other rural regions causes problems such as; smothering native vegetation, decreasing the value of the property, decreasing yields by competition and contamination, and hindering harvest operations. Also, if the plants are poisonous and/or unpalatable there may be a loss of stock or a loss of stock condition.

Now is the time to identify and control the establishing proclaimed plants; African boxthorn, boneseed, Cape tulip, Calomba daisy, variegated thistle, hoary cress, creeping knapweed and cut-leaf mignonette.

It is important to control these weeds when they are young, or before they have set seed, this approach achieves a more successful control program by preventing further spread of weed seeds. Some weeds re-appear in the same season or again in the following season, it is difficult to eradicate a weed infestation because the seeds from any uncontrolled plants lie dormant in the soil. Weed seeds will wait until suitable conditions arise before they germinate. Control measures must be applied once again in this situation.

It is therefore important to establish a long-term integrated control strategy aiming to decrease the size of the infestation each season.

It is up to everyone in the community to be a responsible property owner, caring for the sustainability of our environment and creating beneficial land usage. In taking action controlling pest animals and plants, the efforts will give many rewards and a community effort will ensure more effective control.
