

GRAPEVINE

VOL. 16 NO. 9

OCTOBER 1993

THIS MONTHLY NEWSPAPER IS PUBLISHED BY THE ONE TREE HILL PROGRESS ASSOCIATION FOR USE BY YOU OR YOUR ORGANISATION DEADLINE for the next issue is FRIDAY, 22ND OCTOBER 1993 and details may be left either at the One Tree Hill General Store or 'phoned to GLENICE LEONARD on 280 7383. IT WOULD BE APPRECIATED IF ITEMS FOR PUBLICATION COULD BE HANDED IN WELL AHEAD OF THE DEADLINE DATE

THANKYOU

The purpose of this Grapevine is to share local news, views and events. We want to encourage local people and groups to share what they are doing and to pass on items of interest to one another. We are happy to include some advertising from local businesses in which case the maximum size for a single advertisement is one third of a page. Please include a donation to cover the cost of such advertisements - about \$10 for this size.

No charge for personal or community notices.

DONATIONS

It costs approximately 30c. per copy of the Grapevine - while we are not putting a price on it, donations to cover the cost would ensure its survival!!

LOCAL HISTORY

At the last meeting of the Progress Association we welcomed Jill McLatchie who has offered to collect together the many pieces of local history held by our older residents. Much of this will be an oral history, aiming to pass on to future generations what One Tree Hill and its residents were like.

The Uleybury School Museum (on Cornishman's Hill Road) will be the storage place for materials collected.

We also hope to publish some of the material so it can be shared more widely. Many names were passed on to Jill. Others who would like to contact her can do so on 2807214.

ONE TREE HILL COUNTRY FIRE SERVICE

Please note that the number to ring for fires (ALARM CALLS ONLY) in the One Tree Hill District is **280 7000** (24 hours)

Fire Station Enquiries During Fires - **280 7055**

The general enquiries number (after 5p.m.) is **280 7206** or **280 7059**

Fire Ban Information CFS H.Q. (24 hours) - **297 1000**

Your local businesses support the community through the Progress Association. Please support them.

NEWS FROM THE PROGRESS ASSOCIATION

Upgrading the Institute: The work in the front of the hall is coming together. Shortly we plan to revamp the play area. We want to make it safer and more useable.

Recycling. We have been encouraging the Council to get into this for several years. So it was great to go to the opening of the recycling plant for the Northern Adelaide Waste Management Authority. While initially the collection service for this has been confined to the metropolitan area we hope that one or more methods of extending the collection to the rural areas will be trialed shortly. This will include One Tree Hill. We are continuing to seek ways to encourage recycling in this area. Don't forget the CFS already collects bottles. Support them with your empties. Their collection site is behind the CFS shed.)

Progress meetings are open to anyone in the area. Come and express your concerns and share your ideas. Meetings are held on the third Thursday of each month at 8p.m. in the hall.

ONE TREE HILL COMMUNITY CRAFT SHOP

YOUR SHOP

During this year we have welcomed quite a few new members and their new stock has enhanced the range of goods on offer.

It is that time of the year when we all begin to be swamped by the "Big Store Brochures" wanting you to spend your Christmas money with them!! In the midst of all this try a different shopping experience. Drop in for a cup of coffee and look around at items with a personal touch. Now too is the time to inquire about that item you would like specially made. Many of our members are quite willing to do this - if they have enough notice.

We have a wide range of members (with room for more), people willing to spend the time coordinating the shop display (have you seen the difference?), others who add up the shop ticket, a very efficient treasurer, a person to organise and print rosters BUT we need someone who can drop in regularly, make sure that the shop is open and follow-up on those who forget when it is their turn. Someone described the role as a sort of "Mother (or Father) Hen" who can gently keep the chickens in line! Any offers or suggestions would be most welcome. Contact Chairperson Richard Wilson 2807484 or Secretary Helen Bradley 2807275.

One Tree Hill Community Craft Shop SPECIAL OFFICER

*Buy ONE cup of Coffee/Tea - Get one FREE
Present this "Coupon" any day we are open -
Wednesday to Sunday 9.30a.m. to 5p.m.
Bring a friend and order one cup of coffee or
tea (made with rainwater) and we will supply a
second one free.
Come for a chat and a look around.*

NEWS AND VIEWS FROM YOUR COUNCILLOR

Dear Residents,

I thought that I would bring you up to date on a number of issues that have happened in the past couple of months. **And most of it is good news!**

McGILP OVAL

Fences to help prevent balls going out of the playing area should soon be installed on both the east and west sides of the Oval. Materials to help the Cricket Club upgrade the existing practice nets will be supplied by Council.

Council will also remove the old wire fence along the eastern side of the Oval, along McGilp Road and replace it with a permapine post and rail fence.

The automatic watering system is now fully operational, and top dressing of the oval will be done before the cricket season commences.

ONE TREE HILL CEMETERY

An internment wall for placement of loved ones' ashes, paving, a seat and landscaping are proposed for the cemetery.

Doug and Sybil Winsor and I met with Jarred Rush from Council and discussed the wall's location and appropriate landscaping. Native trees and shrubs will be planted around the cemetery boundary to hide the fence and landscaping will also be extended into the water tank block to create a better flow and theme for the whole area. Some plantings to add a dash of colour will also take place. This work will proceed over the next couple of months.

The front fence which is falling down, will be removed as the existing trees act as a boundary. A padlock has been placed on the front gate to try and reduce the possibility of increased vandalism of cemeteries.

Further drainage work, resheeting of the footpaths and other plantings will be investigated for next year's budget.

LOCAL ROADS

Council has allocated about \$270 000 to upgrade and complete the remaining 2.6 km of Craigmore Road and to seal its portion of Potts Road. There are still some funds left in the road construction program and I will try and get some of those funds (approx \$110 000) earmarked for work on Kentish Road.

Viney Drive will be completely resealed, and Tyeka Drive, Bassnett, Johnson, Shillabeer, Payne, Gould Creek, Taylors and Medlow roads will be resheeted this year.

SIGNS

Keep your eye open for new signs which could appear at each end of our town soon.

RECYCLING

Recycling is still being considered for One Tree Hill. I hope to be able to report further on a proposed trial of a system for both the township and the rural area.

RAPID

Council will support the introduction of the RAPID system into our area. At September's meeting, Council approved funding to purchase the numberplates, and will maintain the directory.

GREENING

A number of Greening Committee initiatives have been going on in our district:

Grandview Drive Reserve is taking shape and the local people have been involved with the Greening Committee and Council employees in the planting of trees and shrubs on 'their' reserve.

Bridal Creeper is a big problem on the Scenic Route. In fact it is suffocating the stand of 100+year old Banksias. Two working bees have been held to remove the creeper, however, there is still a lot to be done. Why not join us on **Sunday 10 October between 10am and 12 noon** and help make a big dent on this invasive creeper and help **SAVE THE BANKSIAS**.

The location is the Gawler Scenic route, near the Kersbrook Road, Park Road intersection. You can't miss us because there are red safety cones to highlight the site and red jacketed people working busily in the bushes. Just bring your gloves and a sense of humour.

MEDLOW ROAD LANDFILL

The Planning Commission has approved the project.

The Management Committee is now at the stage of ensuring that the best possible management practices are included in a report which will form the main thrust to control the site's operations. Four members of that group could be invited to visit the latest landfill site in Queensland (they say that the operation and control of this landfill is the best in Australia) which has been developed and operates on a very similar basis to the proposed Medlow Road site. This will raise any possible problems that should be addressed before a licence is granted.

COMMERCIAL/RETAIL

Frank Sapio has opened his workshop - Blacktop Auto Repairs (between the CFS Station and the Church). He has 30 years of experience and is qualified to work on cars, trucks, boats, 4WD and tractors. So call in and see Frank for any type of repairs. He'll be happy to help you.

I also notice Eric Chippett has reopened his Hardware Store. Welcome Eric and Craig!

The first stage of the \$25m Munno Para Shopping Centre has commenced with the laying of the foundations for Hungry Jack's on the corner of Main North Road and the new entrance to the proposed shopping centre site.

MAJOR ROADS

The Uley Road, Main North Road intersection is being upgraded and signalised to accommodate traffic flows through this busy intersection and for easy access/egress to the proposed shopping centre.

Over the next two years, DRT will modify the Blacktop Road, Main North Road junction. It is proposed to close the centre median and make it a left in, left out operation only. Right turn traffic will be relocated to John Rice Avenue, Main North Road junction which will be redesigned into a four way intersection with Blacktop Road traffic redirected along Bungarra Street. Bungarra Street will be upgraded, sound mounding will be installed and a landscaping scheme will be implemented. The total project which will be Federally funded could cost \$2m.

Kind regards,

Martin Lindsell

SAVE THE BANKSIAS

Sunday 10 October between 10am and 12 noon

Bridal Creeper is a big problem on the Scenic Route. In fact it is suffocating the stand of 100+year old Banksias. Two working bees have been held to remove the creeper, however, there is still a lot to be done. Why not join us on **Sunday 10 October between 10am and 12 noon** and help make a big dent on this invasive creeper and help **SAVE THE BANKSIAS**.
