Welcome ...

Welcome to the August issue of the One Tree Hill Grapevine. I am new to the role of putting the Grapevine together, and I look forward to spreading the news about the awesome township we live in.

All of our regular reports are in, plus in Take A break I have added a new activity called "Where in One Tree Hill?". There are plenty of interesting things to read for you in this issue.

I am keen to get some more community content into the Grapevine, so please don't be a stranger, and send me some photos or an article which you think will be of interest to our local community. If you have any new ideas or you would like to run an idea by me, please be in touch.

Keep warm this winter, stay healthy, and continue to have a great year!

One Tree Hill Progress... **President's Report**

At our monthly Progress meeting on Thursday 12th July, we welcomed the State Member for King, Paula Luethen, who presented a summary of future plans and expanded on achievements so far for this electorate. Paula has a strong commitment to helping people within our area. If you need any advice or have any problems she can be contacted through her office on 8288 8218 or email: king@parliament.sa.gov.au

During a speech in Parliament, Paula featured One Tree Hill as an example of community groups in the electorate of King, mentioning the amazing work of the One Tree Hill Progress Association, the Grapevine publication, the One Tree Hill Market, ANZAC Day and One Tree Hill Senior Citizens and how all these add to community involvement – if you are interested, you can hear and see this presentation on her Facebook page: Paula Luethen MP Member for King.

I would like to welcome Bindi our new Grapevine compiler. Bindi has been busy in the last few weeks communicating with Grapevine contributors, new advertisers and becoming familiar with all the aspects of the Grapevine. I hope you find the function of compiler an enjoyable one. Many thanks Jordan for your efforts and maintaining the Grapevine over the last 5 -6 issues, we all wish you well in your future endeavours.

Thanks must also go to Jan, one of our folders, who has quietly been in the background for 24 years or so, folding and stapling the Grapevines that are distributed monthly for road side delivery. A function very much appreciated by the Progress Association, well done and thank you again. The other folders, David and Meredith are continuing on – thank you both. Both The Market and Hall bookings continue to operate on very busy schedules – thanks to Heather and Pat who both work hard to keep this happening.

Thanks & Regards

Ian Slater
President, One Tree Hill Progress Association

One Tree Hill Progress... **Rate-Payers Sub-Committee Report**

Election of New Committee

Thank you to the dedicated locals who attended the last meeting for the formation of the new Ratepayer Subcommittee. There remain many concerns for the residents of Ward 3 and we plan to keep a keen eye on the developments of the City of Playford.

The article in the Northern Weekly 27th June by Tim Jackson former CEO clearly expressed our concerns. In his article he raised concerns about the debt level and that it, “should be of grave concern to ratepayer and residents”, highlighting project debt to peak in 2019/2020 at \$178 million.

Tim Jackson also expressed shared concerns on the sale of assets and the lack of detail thereof. He further stated, “this is unacceptable from a transparency perspective as they are community assets.” He went on to raise other concerns and observed that if the City of Playford’s plan falls short, the debt levels may reach \$250 million.

The City of Playford’s spending plan is nothing short of audacious and they are committing future ratepayers to massive interest payments to service their debt. Our councillors have been falling short in asking the hard questions for accountability when in session. They should be promoting greater levels of transparency to their ratepayers and community.

The Ratepayer Subcommittee will continue to ask the hard questions of Council and seek higher levels of transparency. We welcome community support and feedback; please feel free to give me a call.

All the best until next month.

David Kerrison, Chairperson Ratepayers Subcommittee

Calendar Photo Competition

1 JUNE - 31 AUGUST 2018

Picture This.... Your Photo.... Our Calendar!

CE Property Group are asking you to show the beauty of South Australia through your eyes... and lens.

You'll be in with a chance to win a share of a \$1,500 prize pool PLUS your photo featured in a Community Calendar for 2019.

Calendars will be created using 12 winning photographs and will then be on sale in the lead up to Christmas. All profits from the sale will be donated to the CFS brigades in Birdwood, One Tree Hill and Mannum. And best of all, the competition is open to all ages!

For more information, including entry terms and conditions, visit our Facebook page or our website at cepropertygroup.com.au/new/competition. Good luck!

One Tree Hill... Councillor's Report

Regrettably, I have missed two Council meetings in the month of June as I was spending time hospitalised in the new RAH. I am pleased to say that thanks to the expertise and service received from the surgeons and staff at the RAH and RDN, I am now up and at it and raring to go. As such I am now signalling my intention to renominate as a Ward Three Councillor for re-election at the upcoming Council Elections in November, however beyond this article I will not be using this column or the Grapevine to further my prospects other than by paid advertisement. I am still always available for a chat at the OTH Country Market.

Council continues with its day to day business as usual, as the caretaker period fast approaches due to the upcoming Council Elections. Dog Registrations are now managed by the Dog and Cat Management Board (DACO at the web site dogsandcatsonline.com.au), however if you are unsure as to what needs to be done please contact Council direct. As of July 1 you can now have two hard waste collections per financial year, or you can choose to exchange your collections for dump vouchers and take your rubbish to NAWMA's public waste transfer station.

Council news:

- Savings deliver new services for SA's NEXT Great City—Over the past financial year, Playford has worked hard to reduce operating costs and provide the right mix of services to benefit our region and cater for our rapidly growing population. Some of these new services in the 2018/19 Annual Business Plan include a redevelopment of Virginia's main street, a new Grenville Hub, and infrastructure to deliver even more cheap, recycled water to green Playford. Council will invest \$73.36 million in its Capital Works Program and \$105.75 million on existing business and usual services, including 19 km of footpaths, 4 km of kerbing and 40 km of sealed roads.
- New Grenville Hub Concepts—Throughout the year, the Grenville Consultation Group has been involved in providing input to the concept design for the new Grenville Hub. Architects – City Collective – have used this input to develop an innovative design concept.
- Playford welcomes increased police numbers based in Northern CBD—About 500 police officers will be based at the Elizabeth Police Complex in Playford's Northern CBD as SA Police transitions from Local Service Areas to four Police Districts in Adelaide's north, south, east and west. The move will further strengthen Playford's CBD as a focal point for services in the north. The Northern Police District will be home to a larger, more flexible working group assisted by new and enhanced central crime assessment, investigation and intelligence support, improving frontline services and public safety.

If you have any concerns or issues with or about our City, please in the first instance phone Council's 24 hour phone number "8256 0333" and or e-mail playford@playford.sa.gov.au, and cc your email to me at crjfederico@playford.sa.gov.au. When speaking to Council please remember to get a Customer Reference Number to ensure registration, and easy identification of your communication. If you have a pressing concern you can always talk to me at the Country Market on the first Saturday of each month, or pop a note into my letter box.

One Tree Hill CFS — Incident Report July 2018

Several unusual incidents this month, but the only significant call-out was one to assist Kersbrook CFS and other agencies in a building collapse. Our truck was turned back just as we arrived and actual details are a bit sparse as the incident has not been reported in the press.

There were two incidents where we were called to single car vehicle accidents, but in both instances the occupants had left the scene. One involved a car over the edge of the One Tree Hill road near Melville Road around 5 a.m. on the 29th of June, the other involved a car and a caravan into a tree on Bassnett Road around midnight on the 12th of July. In this case, after investigating the scene and finding no-one around, the incident was left in the hands of the SA Police.

Two trees down, one completely blocking Cornishmans Hill Road, and a minor two car vehicle accident made up the complement of the calls up to the 18th of July. We all hope the quiet spell will continue however it only takes one mistake to cause a major incident.

House Fires from house fires

Other brigades and the MFS have been busy with a spate of house fires caused either directly or indirectly by combustion heaters. I was reminded the other night by a spark flying out of my heater and into a foolishly placed cat bed not to be complacent and it led me to thinking what I would have done if it had been more serious. Luckily cat and bed are both ok, but it shows how quickly your pleasant log fire can turn into a problem.

Another issue is disposal of embers; a house in the suburbs became involved in fire recently caused by a wheelie bin that had been set alight by embers that appeared dead. Plastic and embers are a bad mix, and for \$15 a steel bucket is a much safer option.

Hard to believe that we are more than half-way through the year and it's time once again to start thinking about the upcoming fire season. How are your preparations going? Apparently, it was Benjamin Franklin who said "an ounce of prevention is worth a pound of cure".

Members are reminded that as always, the AGM will be held on the first Monday in August. Although this is a non-voting year attendance at the meeting is compulsory.

For general information please contact OTH Duty Phone on 8280 7055.

You can also visit the CFS website at <http://www.cfs.sa.gov.au> or phone 1300 362 361.

One Tree Hill, SA 5114

Recipes of the Month... Classic Shepherd's Pie

Ingredients:

- 3 brown onions, finely sliced
- 3 cloves crushed garlic
- 100 ml red wine
- 500 g lamb mince
- 100 g swiss brown mushroom
- 100 g green peas (optional)
- 250 ml beef stock
- 50 g corn flour
- 60 g butter
- 100 ml extra virgin olive oil
- 10 sprigs thyme, picked
- 1 bunch curly parsley, chopped
- mashed potato
- 1 sprig rosemary

Preparation: 25 minutes | Cooking: 2 Hours | Serves: 4

Method:

1. Put the butter and half the oil in a pan then sweat the onion and garlic on a very low heat for approximately 1 hour. You are trying to caramelise the onion which will give a great depth of flavour and sweetness to the pie.
2. In a separate pan, fry the lamb mince in batches until golden. Use a hot pan so the mince doesn't stew. Once it's golden, tip it into the onion pot.
3. Turn the heat up and add the mushrooms. Cook until they take some colour then add the red wine. Reduce by half then add the stock. Cook for about 30 minutes.
4. Add enough water to the corn flour to make a slurry then slowly pour into the lamb. Stir quickly with a wooden spoon or whisk. Continue until the sauce has thickened to 'pie' consistency.
5. Add the rosemary and thyme then cook on low for a further 10 minutes. Check the seasoning then remove the rosemary. Fold through the parsley and peas.
6. Spoon the beef mixture into a shallow baking dish. Spoon the mash over the beef, spread it out, and rough the mash up a little with a fork. Cook uncovered at 220°C for about 20-25 minutes or until thoroughly hot.

Tips: Don't forget to serve with a glass of red!

Recipe sourced from <http://www.teysaust.com.au/shepherds-pie-recipe/>

We would love to hear about your favourite recipes!!!

Please email us at: oth.grapevine@bigpond.com

What's flowering in my garden today?

Banksia cataglypta is flowering. The large flower ball, with a diameter of approximately 5 cms, contains many, many individual flowers of a lovely soft yellow gold but with a bright coppery orange tip. Each flower ball appears on stems close base of the plant. A few years ago, this interesting plant from Western Australia, was known as Dryandra cataglypta but is now known as Banksia Cataglypta after Dryandras were moved into the Banksia genus.

This plant has lovely soft blue green grey stiff leaves that are deeply serrated and when seen on an overcast Winter's day, this plant's soft colours are a delight to see. The New Holland Honeyeaters forage for nectar in the flowers and their bright yellow, black and white plumage is a brilliant contrast to the soft colours of the flowers and leaves. It's a very hardy, easily maintained small plant, worthy of growing to enjoy its stunning flowers and foliage.

Just beautiful.

Heather Fischer

Para Wirra Conservation Park News...

Did you know that Para Wirra has recently changed from a Recreation Park to a Conservation Park? And did you know that you can now camp there? Here's some info about camping spots, taken from their website.
www.environment.sa.gov.au

Wirra campground

Situated at the eastern end of the park, amongst the pink gums, grass trees and hop bush this campground has 19 campsites, including six that are suitable for small campervans (RV's) and camper trailers, toilets, a basic camp kitchen, gas barbecues and fire pits in each camp site for use outside the fire ban season. All of the campsites are wheelchair accessible, they are on flat ground with a compacted gravel surface. The toilet facilities are wheelchair accessible, with a 900mm door width and a fixed handrail alongside the toilet.

Group bookings

Camping is available for larger group bookings at the Helipad Site within the Gawler View Visitor Precinct – see Visitor Precinct map for location. This area is suitable for schools, scout groups, community and recreational organisations or large family groups. A large open grass area it's suitable for tent camping and can accommodate up to 60 people. With a shelter shed nearby and toilets about 100m walk from this site. Toilet facilities at Helipad campsite are not wheelchair accessible. A small fire pit is located on site, which is available for use outside the fire danger. The Helipad site can be booked online but if your organisation requires an invoice please complete the school booking form under the book & pay tab for Para Wirra or contact the District Office on 8115 4600.

- **Book online**

Book online to reserve your campsite up to 12 months in advance.

- **Book and pay in person**

If you are unable to book and pay online you can do so, in person, at booking agents across the state. Our local booking agent is the One Tree Hill Fodder Store.

Important Information:

- Vehicle access to the Wirra Campground during daylight hours is through the main park entrance, these gates shut at sunset and open at sunrise. For access into the park after hours when a booking is made you will be given a combination lock code for the Eastern Entrance along Humbug Scrub Road. This entrance is locked to general park visitors.
- Collection of firewood within National Parks is prohibited. In order to use the fire pits at Wirra Campground you will need to bring your own wood. A number of the local shops may have fire wood for purchase – try the One Tree Hill Fodder Store, Kersbrook General Store and Cockatoo Valley Store.
- Water at the campground and park is all non-potable, so campers are advised to bring along their own drinking water.
- Campers need to take all their rubbish out with them as there are no bins provided within the park.
- If you have a large group please call the Natural Resources Centre - Gawler on 8115 4600 or you can send an email to DEWPWOnlineBookings@sa.gov.au.
- Community and recreation organisations, school groups and scouts can arrange special 'camp-over' activities at one of the open spaces by appointment with a ranger (conditions apply).

Northern Foothills Land Care Group

Winter weeds and Artichoke control

During another really entertaining evening, the Northern Foothills Land Care Group hosted "Pests Cost Us All" with tips on weed ID and how to develop an integrated weed management strategy for sustainable and effective weed management.

Key messages were to define the problem, identify your weeds and their locations, determine a strategy that involves what to tackle and when, and involve your neighbours. Weed control is a community challenge as weeds happily spread under boundary fences with kangaroos, birds and the wind having little respect for the valiant efforts of individual landholders. The only sustainable approach to save time and money is to unite with your neighbours to eliminate unwanted plants from an area.

If you don't know your neighbour well, then a common goal might just be the bridge you need for good neighbourly relations. So don your welly boots, brave the cold and walk around your land with your note pad in hand. Common weeds to look for at this time of year are Artichokes, Cape Tulip and St John's Wort. Integrated weed management is a bit of a mouthful, but just means looking at a variety of control options: preventing spread by spraying, crop rotation, mechanical removal, and even biological controls like camel grazing! Camels are being used on the notorious prickly pear cactus in Queensland, as their mouths are adapted to eat whole pieces of the prickly plant. So if you're on steep land where weed control access is difficult it may

be that you don't have a prickly problem but a camel deficiency! When you run out of weeds, lend them on to your neighbours. Food for thought!

National Volunteer Week – Northern Volunteering Awards 2018

Being passionate about protecting the environment and sharing information about what individuals and communities can do to help has led to our group receiving a commendation award for public education. We were recognized for achieving outstanding results educating, engaging and inspiring the northern foothills rural communities to practice sustainable land care and conservation. Our events have been presented in partnership with similar groups with specialist knowledge and have resulted in meaningful, interesting and professional events that have created an extensive support network of community members and professionals.

The group was one of 8 other local volunteer groups to receive formal recognition by Northern Volunteering SA Inc. Lisa, Monica, Robyn and Elaine attended an afternoon tea where they were honored and humbled to receive the award. Well done to all the passionate group members!

Is your land being choked by Artichokes? Then come and find out how to control them!

Free 30 minute information sessions to help you control Wild

Find out about: winter weed control; equipment use and calibration; different control equipment; and farm management systems.

Where: One Tree Hill at the Fodder Store

Date: Saturday 4 August 2018 - Market Day

Time: 10am, 11am, 12pm

Drop in and be informed about weed control techniques you can adopt on your property and have your questions answered by skilled Natural Resources Adelaide and Mount Lofty Ranges staff and local contractors.

Community News... One Tree Hill Area Weeds of Concern

One-leaf Cape Tulip (Moraea flaccida)

One-leaf Cape tulip is a declared weed under the *Natural Resources Management Act 2004* throughout the whole of the State of South Australia. It is highly toxic to all types of grazing animals and if not controlled spreads rapidly through pastures, roadsides and native vegetation. Under Section 182(2) of the Act, land holders in the Adelaide and Mount Lofty Ranges region have a legal responsibility to control plants and keep their properties free of Cape tulips. Under

Section 185, NRM authorities may recover costs for the control of infestations on road reserves from the adjoining land owners. The common name Cape tulip is applied to both One-leaf Cape tulip (the most common in our area) and Two-leaf Cape tulip.

One-leaf Cape tulip (*Moraea flaccida*) is a perennial herb which grows from a corm than sprouts annual leaves and flowers to 60cm high. Each plant has only one leaf which is flat 1-2cm wide and up to 100cm long. Flowers are 3-5cm in diameter with six petals, varying in colour from salmon pink to orange or yellow. The fruit is a three valve capsule up to 5cm long which starts green and turns brown when mature. Corms are 1-2cm in diameter but covered in a brown fibrous tunic.

Corms stay dormant in the soil and germinate after autumn rains and the plant grows quickly through winter and soon after produce their distinctive flowers, but many corms stay dormant in the soil for 5 to 10 years. It is important to note that a high percentage of corms will germinate into active growth after fire. Control following a fire event can be quite effective.

The control of Cape tulip must be carried out from July to September, and as with most weed control it is important to eradicate the small patches first and prevent spread by seed or corms.

Cape tulips can be controlled using a foliar spray using a selective herbicide. Smaller infestations are controlled by wiping on herbicide using a sponge or weed tongs. Hand control can be carried out by carefully grubbing with a knife or trowel, making sure the entire root system and corms are removed and then burnt.

We have had a lot of success on our property (and our neighbours) using a weed wand and hand removal, particularly along water courses.

Further resources are available online through Natural Resources Adelaide and Mount Lofty Ranges, including a short video on youtube: "Weed Info: How to control Cape Tulip". Alternatively contact Gawler Natural Resource Centre, 43 High Street, Gawler South, ph 8115 4600.

Material for this article was extracted from "Weed Management Guide Cape tulip (*Moraea* species) published by Adelaide and Mount Lofty Ranges Natural Resources Management Board, and the Declared Plant Policy for One-leaf Cape tulip.

Community news ... **One Tree Hill Uniting Church**

SMYG (Sunday Morning Youth Group)

Meet every Sunday at 10.00 am with their leader whilst the Service is taking place. Throughout the year they enjoy various activities – paint-balling, 10-pin bowling, weekend camps, cinema evenings, and more.

New members are very welcome, just come along to their room located behind the church. Food & Drink supplied – **All Welcome**

FELLOWSHIP MONTHLY MARKET STALL

Our ladies run a stall each month at the Market, selling a variety of home-made cakes, slices, & biscuits, plants, bric-a-brac, games, books, and more. Drop on by, we'd love to see you.

OP SHOP

Our church, together with three other local churches, runs the **Red Bird Op Shop** in Elizabeth North, with all proceeds going to the Churches and Mission.

Donations of second hand clothing are always appreciated, and can be dropped off at the shop at Hilcott Street, Rosewood Village, Elizabeth North between 9.30 am – 3.00 pm Monday-Friday.

WEDDINGS, BAPTISMS & FUNERALS

The church is available for the above Services. For further information please phone **Edna on 8255 7987**.

GIFT FILLED SHOE BOXES FOR CHILDREN

It is time again to start filling shoe boxes ("**Gifts of Love**") to bring joy and hope to children in desperate situations around the world.

This is done in conjunction with "Samaritans Purse" – a non-profit Christian organisation. If you would like a box to fill, or more details, please phone **Edna on 8255 7987**.

MONTHLY FELLOWSHIP MEETINGS **held on the 4th Wednesday of each month**

NEXT MEETING

10.00 am - Wednesday – 23rd August
will be a morning of social fellowship

ALL WELCOME

ENQUIRIES – PHONE MAUREEN ON 8280 7368

Community News ... One Tree Hill Scout Group

On Sunday 15th July, the One Tree Hill Scout Hall was a buzz with activity due to a scheduled working bee. With the greatest turn out of volunteers in some years with all of the areas of scouting represented; Joeys, Cubs, Scouts, Venturers and Rovers.

Taking pride of place in the hall, a beautifully crafted wooden pieced decal was installed, a 15 metre trench was dug, pipe laid and then refilled, outside work on a fencing progressed nicely, equipment was repaired and checked, stocks and fridges cleaned and replenished, cleaning, cleaning and more cleaning occurred. Our dedicated volunteers worked so very hard, displaying great community spirit and teamwork.

The biggest thanks, and greatest amount of respect for our Leaders and families who continue to make our group great.

Community News... One Tree Hill Tennis Club

Winter is a somewhat quiet time at the Tennis Club, however the good news is that work has commenced on new drainage on the Eastern side of courts.

The new drainage will solve the problem of water running onto the courts. The re-surfacing of Courts 1 and 2 should also commence very soon.

The wet weather has delayed the above works being undertaken, however we are hoping that both the resurfacing and drainage will be complete by the end of August/Early September 2018 in time for the upcoming Summer season.

Registration for all players, whether new to the club or current member, will begin at the end of August. (contact the Tennis Club for details)

The Summer season commences Mid-October, usually the first week back after school holidays.

Pre-season training will commence the week prior to this.

If anyone has children interested in taking up tennis, even if they have never played before, please feel free to contact one of our friendly committee members for further details on how to become involved.
