From Behind the Desk...

Welcome to the October issue of the One Tree Hill Grapevine. For this month's location to guess "Where in One Tree Hill?", you might have to look a bit further afield.

With the weather improving, it's a great time to get out and about in the community and local area. A favourite place of mine is Para Wirra Conservation Park—such beauty and right on our doorstep. Wildflowers are abundant in the bush in Spring so get out and see for yourselves!

It is great to see the tennis courts have now been resurfaced and they are looking fresh for the upcoming season. Our local youth have been achieving top honours in their scouting, and our CFS have been busy training with new recruits on Monday nights to be ready to protect our community over the fire danger season.

Please feel free to send me some photos or an article which you think will be of interest to our local community. If you have any new ideas or you would like to run an idea by me, please be in touch.

COUNTRY MARKET

• CRAFT • COOK • GROW • FRESH

One Tree Hill Institute

Saturday 6th October 8:30am until 1:00pm

Come and support our local Community Event!

Lots of stalls with an assortment of arts & crafts, cakes, biscuits, books, items for your home, plants, jewellery, bric-a-brac stalls, yummy hot food and lots more!

Are you interested in having a stall?

We are looking for you!!

Enquiries please contact 0457 107 817

Playford Council Elections

DAVID KERRISON

**IT'S TIME
TO HAVE YOUR SAY
VOTE
FOR CHANGE**

**Remember the 2017
Rate Review Policy?**

STEVE HUCKSTEPP

We will represent your best interests in Ward 3 and will take our extensive business and professional skills to Playford Council to address your issues and concerns. Ward boundary changes mean you need to select three candidates. Please **Vote for Change** and vote 1 & 2 for **David Kerrison & Steve Huckstepp**. See our website and Facebook for more information.

VOTE FOR TRANSPARENCY, ACCOUNTABILITY, RATE CAPPING & INCREASED PUBLIC CONSULTATION. STOP RATE HIKES, REDUCE COUNCIL DEBT, REDUCE THE SALE OF RATEPAYER ASSETS & REDUCE THE WASTE AND SPENDING.

One Tree Hill Progress... **President's Report**

Hi everyone,

At our most recent Progress meeting a summary regarding the performance of the Institute Solar panels was presented by Wain Walker, our treasurer. Whilst, like most householders, we are not saving a fortune, they are assisting in our utility cost control and the results are reflected in keeping our costs to hirers at very competitive rates.

We are investigating the costs and practicality of installing cordless microphones for both halls. These would be particularly useful when large groups are using the hall and multiple speakers need to be heard over the normal background noise. The handout hall brochure is also being updated, with new photos and content – thanks to Graham Watson for his contribution.

Heather, our Market co-ordinator, is busy organising a Twilight Market for 14th December. This will be an ideal opportunity to stay for a meal and socialise with other local residents. The corflute signs placed around the district promoting the Market, with bright attractive colours, seem to be working well, with increased attendance at the recent Market event.

That's about the news for now,

Thanks & Regards,

Ian Slater, President, One Tree Hill Progress Association

One Tree Hill Progress... **Rate Payers Sub-Committee Report**

With local council elections looming, and David Kerrison's commitment to standing for election to represent us as a Playford City Councillor, David has relinquished his role as chairman of the OTH Rate-Payers Sub-committee. We thank David for his diligent efforts on behalf of the ratepayers of Ward 3 and wish him well at the up-coming elections with his aspirations to represent Ward 3 as a council member.

We all remember the rate review of 2017 where Ward 3 rates were set to rise substantially. Had it not been for community involvement and group pressure "Option 1" may have passed and the consequences biting into our finances.

At the council meeting held on 28/8/18 Cr Joe Federico moved a motion "That Council endorse the Rate Rebate and Hardship policies and in doing so revokes the current Rate Relief Policy". The motion was seconded by Cr Marilyn Baker and carried. In my opinion, revoking the policy opens the door to a redistribution of rate rebates whereby rebates may be removed/reduced for some, where beneficial to further council's goals to reduce commercial rates and increased for others to compensate for the reductions.

Could One Tree Hill and surrounds be in the firing line again?

Further to the above, the power to determine applications for discretionary rebates of rates to a maximum 50% has been delegated to one person, the Chief Executive Officer. Additionally the CEO can recommend rebates greater than 50% which will be put to full council for a decision.

Decisions regarding discretionary rebates must be transparent and open to the rate paying community for scrutiny, I hope this will be the case, but have my doubts.

As ratepayers, we would ideally like to see a halt to rate rises, not rate hikes, council taking control of their massive debt and far better use of our dollars in the day to day running of council business.

At the up-coming council elections I ask that everyone gives careful consideration when casting their vote.

Ward 3 and particularly One Tree Hill and surrounds need councillor representation, prepared to stand up for our community, argue against unjustified rate increases and scrutinise council decisions to ensure the ratepayers get maximum value from their rate payments.

Chris Norton, Rate Payers Subcommittee

One Tree Hill CFS — Incident Report September 2018

A tree down near Kelly Road in the early hours of the 21st of September brought the number of “Tree Down” incidents for the month to 4, the others were on the One Tree Hill Road near the Kersbrook roundabout, the Gawler-One Tree Hill Road near Alexander Avenue and another one on Yorktown Road not far from Thursday’s incident. The last one on the 30th of August was significant because it was our only day-time turn out for the three months of winter.

In addition to these events, we attended a 2-car motor vehicle accident on the Gawler-One Tree Hill Road on the 15th of September and were brought up onto stand-by during the extremely windy afternoon of the 11th of September. The stand-by was prompted by an out of control grass fire in the Virginia area which required units from all the other Brigades in the Para Group and took around 4 hours to extinguish. Needless to say, this is very early in the year for a large grass fire.

Fire Danger Season nears ...

Many of you would have seen the illuminated sign on Sampson Flat saying, “PREPARE FOR FIRE DANGER SEASON”, sound advice as the weather gets better and we are getting more and more sunny days. To encourage people to clean up early, the CFS is running a competition with 5 prizes of \$200 “Clean up” packs available. Details for this are on the CFS web-site.

Predictions were for a relatively dry spring and although September has started wet, this prediction may still prompt the authorities to bring forward Fire Danger Season. At the time of writing, the season dates had not been declared but you can get up-to-date information from the CFS website, just look under “Bans and Ratings”. We should have a better indication for you in next month’s Grapevine and you can also follow Brigade activities and information on our Facebook page, just search for “One Tree Hill Country Fire Service”.

The response to our recruitment campaign has been very pleasing with 10 potential members signing up to do their initial training. This has bought our “out of area” numbers up to full, but we are still looking for members who live close to the township, particularly if you can attend day-time call outs.

For general information please contact OTH Duty Phone on 8280 7055. You can also visit the CFS website at <http://www.cfs.sa.gov.au> or phone 1300 362 361.

One Tree Hill Community... **Councillor's Report**

Council is now in care taker mode meaning that no new spending can be approved until after the Elections, however Council and Councillors must continue to undertake normal operational duties.

Council nominations would have closed by now and the ballot positions determined. These people have nominated for election as potential Ward Three Elected members, Andrew Craig, David Kerrison, John Hetzel, Joe Federico, Veronica Gossink, Steven Huckstepp, Anna Duin. Candidates will soon be sending out Flyers aimed at enticing your support. Four are predominately from One Tree Hill, this will mean that the country vote will be split handicapping all four and potentially resulting in no local candidate being elected, please vote carefully to ensure at least one local candidate gets elected as Local representation is vital to ensure that the hills rural sector has a voice in Council. Please vote for the one/s you feel has/have the best chance of getting elected and represent your views.

There are many new and exciting developments happening in and about the City, The Holden site and owners, I believe, will have a positive impact on our City moving forward with a renewed confidence in investment and jobs coming to the forefront for Playford in the new year. I hope who ever gets elected will support these initiatives for the betterment of our city. Council's Assessment Panel (CAP) has given consent for the new Hotel to be built and work should start in the new year, this will mean jobs for locals and a boost to our economy.

If you have any concerns or issues with or about our City, please in the first instance phone Council's 24 hour phone number "8256 0333" and or e-mail playford@playford.sa.gov.au , and cc your email to me at crjfederico@playford.sa.gov.au. When speaking to Council please remember to get a Customer Reference Number to ensure registration, and easy identification of your communication. If you have a pressing concern **you can always talk to me at the Country Market on the first Saturday of each month**, or pop a note into my letter box.

ARE YOU BUSHFIRE READY?

Prepare your home or workplace now.

You must...

- Clear 20 metres around your house
- Clear five metres around other buildings and structures on your property
- Cut long grass on your property (occupied and vacant land allotments)
- Prune tree limbs and branches which overhang your home
- Create fire breaks.

You should...

- Remove 'dead' branches, 'dead' undergrowth and leaf litter from your property
- Remove bark, heavy mulch, wood piles and other flammable materials close to your home and shed
- Regularly clean your gutters
- Create access to an alternative water supply (at least 5,000 litres) such as a swimming pool or water tank.

You can...

- Clear vegetation further than 20 metres from your house for fire prevention **WITH A PERMIT FROM THE CFS**. Native vegetation is protected by law, under the *Native Vegetation Act*, and permission is required to clear it on your property.

Please be reminded that any mowing or alterations on roadsides requires permission to be obtained from Council in accordance with the Local Government Act 1999. The City of Playford will conduct flammable undergrowth inspections prior to the 2018/2019 fire danger season to ensure landowners comply with the Fire and Emergency Services Act.

For more information...

Dave Watson, Fire Prevention Officer, City of Playford on **8256 0333**

Where in One Tree Hill?

In each Grapevine issue I feature a photo which will be at any location in One Tree Hill township or the surrounding areas. Your challenge is to guess where the picture was taken. The answer will be in the next edition...

LAST MONTH'S ANSWER:

The top decorative part of the church front gate.

WORD WHEEL

Words must be found by using any of the letters in the wheel in any order. Each word must contain the centre letter, and must be at least 4 characters long.

PICTOGRAMS

See page 22 for some answers...

CIRCLE WORD THEME

Three circles, three related words. Find the missing letter and unscramble the words.

VOTE: CRAIG

I am asking for your vote. Keep your local voice on Playford Council.

Along with Joe Federico, who I support, I am a local. I live in One Tree Hill region. I also endorse Veronica Gossink as a new positive voice on Council. A vote for me means a voice on regional concerns, opposing rate hikes, improving services, and supporting our economic future. My commitment to you is to be your strong, active advocate. I commit my experience and energy to listen, and represent you and the interests of locals. *Authorised by Andrew Craig, PO Box 570 Craigmore 5114; ph 0477 314 079*

What's flowering in my garden today?

Wow! What a wonderful time of the year in my garden. It is the best time of the year as many natives are in full flower, giving a most colourful display of red, yellow, pink, orange, cream, white and purple flowers. There are red Grevilleas, yellow Banksias, pink Hakeas, pink Thryptomenes, white and dark pink Eriostemons (now Philothecas), cream Sholtzias, purple Hardenbergias and many more delightful flowering plants.

Eremophila oppositifolia is one such plant in full display of its brown, pinkish cream, drooping, trumpet shaped flowers. These flowers dominate this 1 metre high plant as its leaves are a soft silvery grey-blue narrow leaf about 2 mls. wide and up to 6 cms. long. My original plant was heat damaged during the Sampson Flat bushfire in January 2015 and was removed during our clean up, but, amazingly, five new plants developed and today I admire and enjoy these long flowering plants. Did they grow from seed or sprout from underground roots that were not destroyed by the fire? There is also a mauve/ purple form.

Eremophila oppositifolia is one of a few *Eremophilas* that I have growing as some are simply not suited for growing in an Adelaide Hills garden. It is heat tolerant and survives on natural rainfall. To purchase this plant visit the Australian Native plant sale at the Adelaide Showgrounds Wayville on either Saturday 6th or Sunday 7th of October from 10am.

Eremophila oppositifolia
Just Beautiful

Heather Fischer

Community News... History of Precolumb School on Paines Road

John Sampson, a settler of One Tree Hill, owned a large property called *Precolumb Farm*. He had a large vineyard, wine cellars and a house. He donated a portion of this land for a school house to be built on. License to operate a school was granted in 1857 to Mr Wilson. The school opened with 16 boys and 19 girls (35) as students.

Schoolmasters were selected to fill the role of teacher and minister. The building was a focal point of the local community, being used as a local concert hall, celebrations and lodge rooms. The school closed in 1938.

Information sourced from the City of Playford web page, History of OTH Schools PDF link.

Community News... One Tree Hill Tennis Club Courts

The tennis club courts have been upgraded through a grant. Work is now complete, and the courts now ready for the start of the upcoming tennis season. The drainage beside the courts has been improved to prevent water sitting on the court surface. The courts look great!

Locals please be aware that the 3rd back court is available for public use at all times, but the 2 main courts are reserved for tennis club members. Affordable social membership is available if you would like to access the main courts. Player enquiries for all ages are also welcome.

Community News... One Tree Hill Area Weeds of Concern

This month's weed of concern for the One Tree Hill area is **Gorse (*Ulex europaeus*)**. Gorse is a native to Europe, and was introduced to Australia as a hedge plant in the early 1800s, and quickly spread out of control. Gorse is a dark green spiny perennial bush up to 2.5 m high. Stems of branchlets are green, hairy and ribbed at first, then become woody and brown with age. Bushes are almost leafless with finely-branched green hairy twigs, each ending in a spine and appearing whorled. It has bright yellow, pea-like flowers along the green branchlets.

Gorse flower

Gorse is a Weed of National Significance. It is regarded as one of the worst weeds in Australia because of its invasiveness, potential for spread, and economic and environmental impacts. It is a declared plant in South Australia. Landowners have a legal responsibility to control gorse under the South Australian Natural Resources Management Act 2004.

In South Australia it is restricted to higher rainfall areas and is found mainly in the Fleurieu Peninsula, Adelaide Hills and Clare Valley. In pastoral areas it provides excellent shelter for pests such as rabbits, increases the risk of bushfires because of its flammability, reduces access by forming dense thickets and dramatically reduces stocking rates.

The best control treatment time ranges from October to January. There are a number of physical and biological control techniques that can be applied, depending on the extent of the infestation and nature of the terrain. Biological control will not eradicate gorse, but will suppress it and can be used in conjunction with other control methods. The currently available agents, Gorse seed weevil (*Exapion ulicis*), Gorse thrips (*Sericothrips staphylinus*) and Gorse spider mite (*Tetranychus lintearius*), will not kill gorse plants, however, they may reduce the productivity of the gorse thereby reducing the rate of spread. It is a slow process which requires healthy plants that are in sheltered, undisturbed environments, to encourage the development of biocontrol agent populations.

Adult gorse seed weevil

Adult gorse thrip

Adult gorse spider mite

Large thickets could be bulldozed, slashed or burnt, followed up by spraying the regrowth with herbicide. Individual plants could be cut close to ground level and immediately swabbed with herbicide. This method is particularly useful where spraying herbicide may cause damage to desirable plants or to water near riverbanks. Otherwise plants can be foliar or basal bark sprayed. Landowners should obtain specific advice for their location from the Mount Lofty Ranges Animal Plant Control Officer (ph 8391 2244, 8408 0400).

Community News... One Tree Hill Scout Group

Local One Tree Hill youth at OTH Scout Group have been setting some pretty high standards recently, with several members achieving top scouting honours. In the Scouts section, local boy Jake Loller, 15, who began scouting as a Joey, achieved the scout section peak award, the Australian Scout Medallion. In Venturers, three local residents - Tom Brazier, Bowen Hawkey, and Jenny Mulder, now all aged 18, completed the requirements of the renowned Queen's Scout Award. Tom and Jenny started in OTH Scout Group as young Cubs, and Bowen began as a Joey at age 7. This year at the annual SA award ceremony on September 23rd, 15 Queen's Scout Awards were awarded across SA, and of these, 3 went to OTH youth. Our group is extremely honoured and proud of this fact.

The program run in all sections at OTH Scout Group is of top quality, whether youth are interested in achieving badgework or just learning new skills and having fun, there is something for everyone. Our group has some very dedicated leaders who help to guide the youth along their

own scouting journeys from age 6 and up. Three of these leaders were honoured at the same ceremony—Chad Ownsworth "Onion", and Jane Frederick "Plum" with a Special Service Award, and Simon Frederick "Freddo" with a Silver Koala. Chad and Simon will attend the next Australian Scout Jamboree, AJ2019, with the Scout Troop in January at Tailm Bend, and we are busy fundraising for this event. See below.

2018 One Tree Hill Scout Group

Jamboree Gala Dinner

\$25 per head for a 3 course dinner*. BYO Drinks – this is an alcohol free event. Dress code is Evening Wear.

Let our Scouts host you at this wonderful evening to raise funds for Youth attending the 2019 Australian Jamboree.

Tickets can be purchased at Scouts on a Thursday night or by contacting Leanne Galgey, 0430361221 or email lgalgey1972@gmail.com

*Children's meal can be made available for a reduced price (children under 12 years old).
