FROM THE EDITOR

Rain, rain, rain, where is the rain. Having been out to Birdwood a couple of times lately, it is obvious that they have been luckier than us at OTH. They still look green and sadly, some take great delight in telling me about their rainfall.

Don't forget to vote in our Local Government Elections coming up.

Fay Hull
Editor OTH Grapevine.

PRESIDENTS REPORT

The first ¾ hour was devoted to council to allow them to present to residents a concept plan of the proposed Reserve in our Township. The scope of work has increased since the last discussions with residents resulting in the relocation (not reduction) of some of the playground to allow the theme of open space to flow along the whole of the streetscape, representing various stages of the town's history.

The new computer for the production of the Grapevine proved to be a great asset as it was also used to take the minutes of the meeting, Thanks Fay.

I would also like to take this opportunity to thank the generous person who put \$20 in the piggy as a Grapevine donation.

Progress has applied to council for a Grant to help fund our welcome to the Tour Down Under through our township and is confident that it should be forthcoming. The meeting was informed that much had already been done to secure banners, MacDonald's Farm, art work from the school kids however much remains to be done and help forming a committee would be appreciated as this is a very busy time for me with council elections and a variety of other commitments to external organisations. I am sure that come rain or shine, we will, yet again triumph in our efforts to show off just what we are made of.

The Next Progress Association meeting will be held on November 9th, 2006 at 7.30 pm at the Institute Hall, Blacktop Road, One Tree Hill. All are welcomed and encouraged to attend

Joe Federico

ONE TREE HILL C.F.S.

Fire Season.

By now everyone should be well aware that the Fire Season with all the usual restrictions commenced on October 15th. To underline the dangers the community is facing, Playford Council made the very appropriate decision to revoke all Permits to Burn as from 9th October. Already there have been some serious fires in the State and some smaller ones in our area. One noticeable feature this year is that because of the light rainfall over winter, last year's

grasses have not rotted away and therefore provide a carpet of highly flammable material beneath the green. This means that the whole community needs to be exceptionally vigilant and ensure that every possible precaution has been taken to prevent fires from occurring and to reduce the fuel load around all homes, sheds and out-buildings to an absolute minimum.

Volunteers.

It has been great to be able to welcome a number of new people to the One Tree Hill Brigade. Some have experience with other brigades and some are new to firefighting, but will receive intensive training to become effective members of our team.

Kitchen Helpers.

Squirting water is not the only way to help the Brigade. People are urgently needed to volunteer as "Kitchen Helpers". These are people who are prepared to come in to help prepare meals for the firefighters when they have had to be deployed for several hours. If you have skills in this area please give the Duty Officer a call on 8280 7055 and you will be interviewed and the nature of the duties involved will be explained. While thankfully "Kitchen Helpers" are not often needed, it is vital that we have a list of people who can be called upon when the need arises.

Arson.

None of us likes to think that there are people in our community who have such a disregard for life and property that they would be prepared to maliciously set a fire out in the bush or in a house or other building.

These days the Police attend all fires and our members are trained to make observations about the possible cause of a fire.

While this may lead to the apprehension of some offenders, the general public has an important role to play in the PREVENTION of arson.

- Be watchful for any suspicious behaviour out in the country during fire season.
- If you suspect something is amiss, take note of vehicle registrations and observe the people involved.
- Contact the Police, particularly if a fire starts in the vicinity of your concerns.

We all need to do what we can to reduce the effects of this inexplicable behaviour.

Cans and Bottles.

Help reduce pollution and at the same time help with amenities for the Brigade.

Bring all your bottles and cans to the rear of the Brigade in Blacktop Road and they will be sorted and then returned for the refund.

Many thanks to those who already do this on a regular basis.

Geoff Bond

ONE TREE HILL UNITING CHURCH NEWS

AL-RU OPEN GARDENS. Please note change of dates –now Sunday the 5th and Monday 6th of November. On these days a team of helpers from the Church will be providing scones, jam and cream, quiches, chicken salads, cakes etc., and great percolated coffee at these beautiful gardens. The money raised will be going towards building a “Cornerstone Vocational Training Centre” in Kitgum, UGANDA. Please come along and enjoy the Gardens and Food.

Op Shop News.

You may not be aware that the Uniting Church has an Op Shop at the Elizabeth North Shopping Centre. Many of our Church Mission benefit from this outlet, which is run by volunteers. As these Volunteers come into contact with many people, they are aware of some of the financial difficulties facing families. The Op Shop is now sponsoring five children with school expenses, such as school fees, uniforms and books. The volunteers are to be commended for taking on this worthwhile cause.

OPERATIONS CHRISTMAS CHILD - As reported in the last Grapevine regarding ‘Christmas Child’ and the boxes being collected - On Sunday the 22nd October, over 20 boxes filled with toys and other gifts were brought to Church and were blessed before being sent off (along with others collected from many churches) to different parts of the world where children do not normally have any gifts given to them.

Since the article appeared in the last Grapevine there has been a great deal of interest and we are grateful to all those who have contributed to this worthwhile cause.

Bags for Bibles - The ladies of the Church have been busy over the last few weeks, making Bags for Bibles. These are made from material and will be given to the Aboriginal people to carry their Bibles in. The Bibles have now been translated into their own language - a project undertaken by The Bible Society.

Please check out our Fellowship Stall at the Monthly Market at the Institute on the 1st Saturday of the month. We have cakes, apple pies, garden produce, books and numerous other items which can be given as gifts.

Services continue in the Church at 10.00 am each Sunday.

On the 22nd of October there was special Seniors’ Service, where members of the One Tree Hill Seniors Group took part. It was good to have the group there and to hear about their activities.

The next Contemporary Evening Service will take place on Sunday the 19th of November at 7.00 pm.

If you are new to the district WE WELCOME YOU AND INVITE YOU TO COME ALONG TO OUR SERVICES AND TO ANY OF THE ACTIVITIES TAKING PLACE.

For any further queries contact Sybil on 8280 7038

Many people will walk in and out of your life, but only true friends will leave footprints in your heart. To handle yourself, use your head. To handle others, use your heart.

CITY OF PLAYFORD COUNCIL ELECTIONS AND VOTING - 2006

Elections for all Local Government Councils in South Australia are held every four years.

- The next elections will be held in November 2006.
- Voting in Local Government Council elections is voluntary, by secret ballot postal voting.
- To exercise your right to vote, you must be on the Electoral Roll.

WHY VOTE?

Voting in Local Government Council elections is about voting for who decides about key events, projects and initiatives that happen in your local community. The people who get elected to the Council will help to decide what happens locally – now and in the future. Each candidate standing for election to the Council is likely to have different views about what should happen in your local community, and you can choose to vote for the person whose views are most like yours.

A profile of each candidate will be posted to you with your postal voting papers. You can also contact the candidates and talk to them about what they want for the area and why they want to be elected.

By voting, you can help to influence what sort of place your community will be. It is about your future so vote for the representative(s) you want.

WHO IS RESPONSIBLE FOR RUNNING THE ELECTIONS?

The person who is responsible for running the elections is called the "Returning Officer". The Returning Officer for all Local Government Council elections is the State Electoral Commissioner, who is appointed by the Governor following a recommendation and resolution by both Houses of Parliament. The State Electoral Commissioner is also responsible for conducting State parliamentary elections. The Returning Officer may appoint a Deputy Returning Officer to each Council to help run the elections. The Deputies are usually people who work for the State or Commonwealth Electoral Offices or they can be someone nominated by the Council who is approved by the Returning Officer. Other people, called Electoral Officers also help out during the elections and provide people with information and advice about what to do. All these people are trained by the Returning Officer and it is their job to carry out their role in strict adherence to directions and delegations from the Returning Officer.

WHO HAS THE RIGHT TO ENROL TO VOTE IN LOCAL GOVERNMENT COUNCIL ELECTIONS?

To be entitled to enrol to vote you must be:

- 1 18 years of age or over when the rolls close
- 2 An Australian citizen (all Aboriginal and Torres Strait Islanders born in Australia are Australian citizens)
- 3 A resident within the council area - you do not have to own a house to be entitled to vote.
- 4 A ratepayer in the Council area. This could be a person who owns a house or other people who own property but who are not residents like people who run a business.

You must be enrolled on the Council's voters roll to be able to vote.

HOW DO I GET MY POSTAL VOTING PAPERS AND WHAT DO I DO?

Everyone who has enrolled and notified of a change of address, will receive a Ballot Pack in the mail near the end of October. The Ballot Pack will include:

- ballot papers and envelopes,
- a short profile of each candidate, and
- information about what to do and how to vote.

If you do not receive your papers or lose them, go to your local Council office and tell them. You can fill out a form and get new ballot papers.

- Follow the instructions in the Ballot Pack and complete the ballot paper.
- Fill out the declaration on the back of the ballot paper envelope.
- **Post it back so the Returning Officer receives it by 5 pm on Friday 10 November 2006.**

WHAT IF I NEED HELP TO FILL IN MY VOTING PAPERS?

If you have any trouble understanding what to do, ask someone you know and trust to help you. Special arrangements can sometimes be made to help people who are sick or have trouble with reading or writing. You can ask at the Council office if you, or someone you know, needs help to vote.

HOW WILL I KNOW WHO WINS THE ELECTION?

After all votes are counted and the successful candidates are known, the Returning Officer lets the City of Playford Council know about the results and notices are put in the "Government Gazette" and local newspaper.

SO I HAVE VOTED, BUT HOW CAN I GET MORE INVOLVED IN LOCAL GOVERNMENT BUSINESS?

- Contact your elected Councillor and talk about what issues you think are important in the local area, and ask how you can be involved in consultation meetings.
- Get involved in community meetings and events run by the Council.
- Go along to Council and Committee meetings and listen to what is talked about and what decisions are being made.
- Find out from your local Council Office what services they provide locally and what is available to you.
- Ask your local Councillor or someone from Council Office to come along and talk at your gatherings about Council business.
- Ask community and sporting groups you are involved with what they know about Council business and whether the Council can assist them in some way.

For further information about Local Government Council elections and voting contact the City of Playford on 8256 0333 or

- Local Government Association of SA www.lga.sa.gov.au/goto/elections
- SA Government - Office of Local Government www.localgovt.sa.gov.au
- State Electoral Office, on 8401 4300.

NORTHERN FOOTHILLS AND LAND MANAGEMENT

This group has been very active within our community in helping landowners with overcoming erosion problems, fencing and protecting native vegetation, removal of unmanaged olive trees and other weeds threatening our water courses, addressing salinity issues and monitoring the health of our environment as a whole.

As a community service we wish to let residents know that seven fox bait stations using 1080 have been set up within SA Waters reservoir holdings near Johnson Road, Blacktop road, Precolumb road, Williams Road and Hillbank. Residents wishing to know the exact location of these stations should make contact with SA Water.

As part of our involvement with the NRM (Natural Resource Management Board) the program is able to give advice on the control of unmanaged olive trees and has a fact sheet on the Drill and Fill method of controlling these trees. Any one requiring a copy of this information can contact myself, Joe Federico on 0417016164 or Brett Miller at the City of Playford on 82560333 for a copy.

Any landowner wishing to join our group or anyone wishing to find out more about this program is welcomed to attend one of our meetings usually held on the 3rd Wednesday of the month at 7.30 pm at the One Tree Hill CFS. Please give me a call to confirm venue and times.

Joe Federico 0417016164

Councillor's Report -:

Council elections are upon us and it is time to vote and decide who is to represent our best interests on council for the next four years. Can you trust someone who does not live in the area to represent your interests and take an active part in our community? If there is any element of doubt in your mind, then vote for your current Local Representative (Joe Federico) who has a proven track record of working for your community and the best interests of our city.

The larger reflective road name signs erected on Tyeka Drive and Cornishman's Hill road have been, after community feedback, moved to the opposite side of the road making it much easier and clearer to see the signs.

A concept plan for the new reserve in One Tree Hill was unveiled at the recent Progress meeting at the Institute (a notice in the Grapevine informing residents of this meeting was inadvertently left out of last months edition) however a good number of residents notified by word of mouth, attended the meeting and overwhelmingly endorsed the concept. A colour concept plan can be viewed at our local Deli. I was keen to see the works fully completed before January 17th when the Tour Down Under comes through our Town however given the scope of work to be carried out this may not be possible and a staged program of works may be carried out to guarantee a start on the project.

Residents have expressed concern at the number of near miss, non-fatal and fatal accidents at the Kersbrook, Gawler One Tree Hill Road intersection. I have brought this matter to the attention of council and they have agreed to see what can be done to alleviate these concerns. Unfortunately the roads leading to the intersection are Road Transport Authority roads and in the control of State government authorities. Council will bring our concerns to our State MP, Michael O'Brien however support and lobbying is needed from residents to see funds spent on this problem, please feel free to ring Mr O'Brien. On the 5th of October Council made a decision to stop issuing and revoked existing burning permits even though the fire season did not officially end until 15th of October. Many residents phoned to complain however given the dryness of the undergrowth, coupled with the dry, windy weather that followed and the subsequent spate of fires, council feels their decision has been vindicated but did apologise for the short notice and any inconvenience caused to land owners.

Ratepayer and those eligible to vote will receive their postal vote ballot papers between Monday 23rd and Friday 27th of October. Please make your vote count by filling in your ballot papers, signing the envelope and posting it to reach the Electoral office before 5.00pm November 10th.

Council's **24 Hour** number for customer enquiries and / or concerns is **8256 0333**

Saving the Trees on Glenburnie Road

Following the marking of FIFTY SEVEN (57) trees for removal by council in order to widen the road and improve the surface condition on Glenburnie Road, a petition was circulated by concerned residents and presented to council by Joe Federico asking that the trees be saved. All those who signed the petition are thanked for their interest, concern and help. After an appeal to the Native Vegetation Council, where the petition played an important role, a meeting was arranged between council and concerned residents. The result of this meeting was the re-alignment of some parts of the roadway to the West resulting in the removal of only SEVEN (7) trees and not putting at risk "significant trees" that also grow alongside the road. Particular thanks to Councillor Joe Federico for taking an interest in this matter at a council level and in attending the site meeting along with a delegation from the Friends of Para Wirra. Unfortunately a previous trench dug along the road appears to have resulted in the death of nearly a dozen trees, including at least one significant tree. This could be seen as unauthorised clearing and Mr Slager of council has agreed to investigate this issue. Michael Johnson

MAKE YOUR VOTE COUNT

If you want continued **LOCAL REPRESENTATION** on council **YOU MUST VOTE.**
Do not take it for granted that your current councillor will be re-elected.

I have been and will continue to be, if re-elected, active in promoting
the best interests of our community and city.

During my term as your councillor I have been pro-active in getting * roads repaired and sealed, * a foot-
path from the shops to Rose Avenue, * a 50 kph speed limit in the township * Grants to (a) rebuild the In-
stitute Playground, (b) help fund our Towns welcome to the Tour Down Under. * A hard waste collection
* an exciting new Reserve in the township * helped save 40 odd trees on Glenburnie road and instigated a
review of Clubs and Associations licensing (lease) agreements with an anticipated fairer and more equita-
ble outcome to be announced soon and have been an ardent advocate for greater funding and council in-
volvement in bushfire mitigation and maintenance of tracks and resources within our city and rural areas,
just to mention a few achievements.

At all times I have listened too and have made myself available to all residents and ratepayers.

**To give me the best chance of being re-elected to council I need you to vote as below
and make sure that you sign the envelope before posting your vote to ensure that it is
a valid vote.**
